HAMLIN, JONES COUNTY, TEXAS, FRIDAY, JUNE 14, 1946

NUMBER 32

Carroll No. 2 Looks Good As Producer

COMMISSION GAUGING OF NEW WELL DUE SOON—NEW RIG SET ON BROWN TRACT

Good production of high grade oil is reported this week in the Snowden No. 2 on the R. R. Carroll tract, in the Neinda pool, southwest of Hamlin. Pay was topped in the well at 2,920 feet.

Located as a south offset to the Snowden No. 1 Carroll well, which has been producing nicely for six months, the new well ran 600 feet of free oil last week, and indications are that the well may turn out to be better than the discovery well.

Official gauging by the Texas Railroad Commission was expected to be made this week, operators declared.

G. W. Poe test, about a mile and a half southeast from the Carroll well, was drilling this week at 1,900 feet. It is in wildcat territory, and findings have not run true to form, but this was no indication, drillers said, that the well would not find production. Most production in the area has come from around 2,900 to 3,000 feet.

New steel derrick was being erected this week on the John R. Brown tract, where lease is held by the Graham interests. Well probably will get underway next week, The Herald is informed.

Good Crowd Attending Methodist Church Meet

Good sized crowds have been attending the revival crusade at the First Methodist Church, according to Pastor E. L. Yeats. Services will continue through Sunday evening.

With Rev. R. J. Reynolds of Dallas in charge of the series of evangelistic services that began June 6, stirring gospel preaching and good music have featured the gatherings. Besides doing the preaching Rev. Reynolds has led the singing and rendered special musical numbers during the crusade.

Pastor Yeats announces that Friday evening will be observed as Sunday School night, when teachers and pupils will sit as classes in the auditorium.

Reception of members into the church will feature the Sunday morning services, Rev. Yeats states.

Hamlin Area Citizens Counting Increases in Prices of New Autos

Hamlin area people who have new automobiles on order or are contemplating purchase of new cars soon were counting the increased costs put into effect last week on the machines by manufacturers when OPA allowed raises in price ceilings for 16 makes of new automobiles. The mark-ups ranged from \$33 to \$167 to offset higher costs for steel, other materials and parts.

Increases range from four to eight per cent above last week's ceilings, OPA said, the average being about \$75. Raises apply to cars built by Chrysler, Ford, General Motors, Hudson, Nash, Packard and Studebaker.

In the case of Packard and Studebaker models, last week's increases also compensate for wage boosts granted by these companies. Wage increases of other manufacturers were offset by price hikes of from \$1 to \$60 a car granted in March and April.

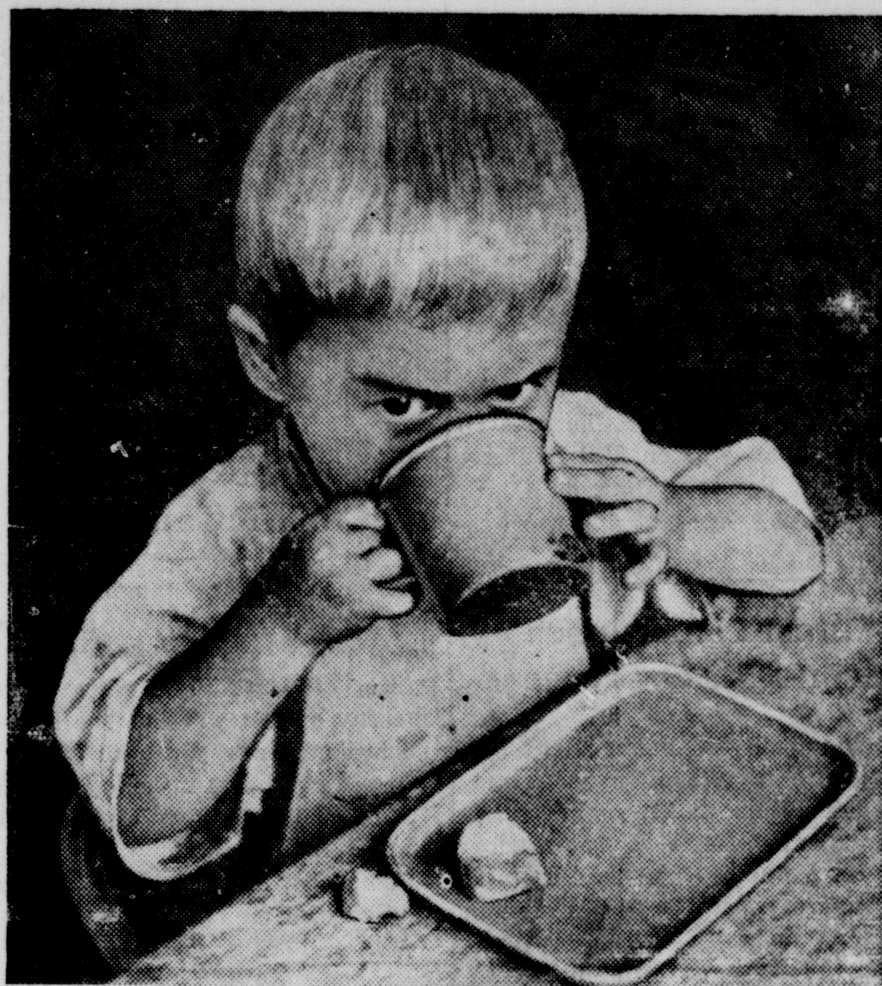

Office of Price Administration also hinted at possible further price increases for new cars.

School Men Seek Bids On Building Materials

Superintendent of Schools I. R. Hughinson and School Board Member Ambrose Spencer were in Fort Worth and Dallas first of the week endeavoring to secure bids on materials for the new elementary school building now underway in Northwest Hamlin.

Flooring, steel lathe and other materials were sought.

THIS CZECH LAD GETS HIS ONE MEAL A DAY

This Czech youngster seems to be afraid someone may take away his weak soup and bread crust. It is his one meal for the day. There are millions of others in Europe and Asia who have

not even this meager ration. You can help them from starvation by giving money or food in tin cans to the Emergency Food Collection now being conducted over this country.

EIGHT TEAMS ENTER SOFTBALL LEAGUE STARTING MONDAY

Eight softball teams were entered in a Hamlin league sponsored by the Hamlin Junior Chamber of Commerce when representatives of that many groups met Monday evening at the Hamlin High School building. C. C. Prater, Jaycee president, presided at the gathering.

Four games a week will be played by the league members, it was decided. Monday, Tuesday, Thursday and Friday night games will be started beginning next week. Games will start at 7:30 o'clock.

Practice sessions are being held at the city ball park this week in preparation for the matched games, which will be carried in a league standing. L. B. Howard was appointed as official scorer for the league.

Teams entered are McCaulley, Radium, Flat Top, Celotex, Jaycees, Fire Department, General Crude and Yellowjackets.

Admission to the games, it was announced, will be 15 cents for adults. Children under 10 years of age, accompanied by their parents, will be admitted free. Proceeds from admissions will be used for lighting the field and for softball playing equipment, Prater states.

D. W. Stell At Winters Reunion of Stell Family

D. W. Stell of Hamlin attended the Stell family reunion held at Lipan last week-end at the annual homecoming of the town. Mr. and Mrs. J. T. Stell of Winters, formerly of Stamford, joined Mr. Stell's four brothers and five sisters at the home of their father, T. D. Stell, for the occasion. Among other brothers is A. L. Stell of Anson.

Lieutenant Governor John Lee Smith was speaker at the reunion.

JO ANN McCRARY IS CANDIDATE FOR PLACE IN FESTIVAL

Jo Ann McCrary, 18-year-old daughter of Dr. and Mrs. J. W. McCrary, has been entered by Hamlin Lions Club as candidate for the Texas representative in the Cotton States Jubilee, to be conducted in connection with the Lions International convention at Philadelphia next month.

Dr. McCrary was named last week as local delegate to the convention. Mrs. McCrary and the other daughter, Sue, will attend the Philadelphia confab, leaving Hamlin June 11 by automobile.

The Cotton States Jubilee is being conducted by the 15 cotton producing states as a publicity stunt on the first night of the convention, beginning Tuesday night, July 16, under supervision of the National Cotton Council. Representative queens from the 15 states will present an elaborate pageant before the thousands of attendants at the convention. Other activities will be staged by the group in the Quaker City.

Local Lions Club officials indicated this week that Jo Ann had a good chance of being named Texas' representative. Selection of the queen will be announced this week-end by convention authorities.

32 Students Enrolled at Hamlin Summer School

Thirty-two students have been enrolled for the summer session of school, according to Principal H. R. McLaughlin, who is directing the summer term. Sixteen are taking high school courses and 16 are taking grades work.

Shorthand was added as a new subject last week, when a demand for the business course increased.

Wheat Yield Here Passes 200 Carloads

SHIPMENTS TOTALED 157 CARS WEDNESDAY—PROBABLY 60 TO 80 CARS STORED

Wheat harvest in the Hamlin area is nearly over for 1946. And the "ghost crop" is going to nearly reach the record of 252 cars shipped from the Hamlin center last year. Shipments by four local buyers Wednesday afternoon totaled approximately 157 carloads. Three carloads had been shipped from Tuxedo.

This year's wheat crop is referred to as a ghost crop because what appeared to be seven weeks ago nearly a "fizzle" of a crop brightened up after three good rains and yielded more than 200 carloads. Many of the section's growers two months ago were not planning to put combines in their fields, because the spindly little wheat stalks were burning up under early spring sun's heat. Grazing of fields had already begun in some instances when the rains came.

While actual shipments here totaled only 157 carloads Wednesday, it was estimated by grain buyers and growers that at least 60 to 80 carloads of wheat has been put in storage in the area. Star Inzer, Joe Culbertson, and Bill Matchett told a Herald representative that they had about 20,000 bushels stored. Many other growers had varying quantities stored.

Quality of the wheat this week continued good. Price remained at the \$1.72 per bushel figure established three weeks ago on the local market.

THREE BOYS LEAVE TO PARTICIPATE IN BOYS' STATE EVENT

Three Hamlin boys left Sunday for Austin, where they are participating this week in Boys' State, an intensive training in government, in which about 300 boys from over the state are taking part.

Doyle Dean, Brad Rowland Jr. and Joe Clements are the Hamlin representatives. They went by bus.

Expenses of the three local boys are being paid by the American Legion, sponsoring organization, and the Hamlin Lions Club and Hamlin Rotary Club.

Texas boys were organized Monday, when all major state offices were filled by election of representative boys. The group got first-hand experience in operation of our state government.

The trio is expected to return home next Monday.

Landon Davises Have Daughter.

Lieutenant and Mrs. Landon V. Davis Jr. are announcing the birth of a daughter, Louise Katherine, on June 12 at Callan Hospital, Rotan. The little lady weighed six and one-half pounds on arrival. Lieutenant Davis is en route to the Pacific area for duty with the U. S. Army. Grandparents are Mr. and Mrs. Landon V. Davis Sr. and Mr. and Mrs. Buck Wilemon of Hamlin.

REVIVAL LEADERS

Leaders in a summer revival meeting slated to begin at the Hamlin Church of the Nazarene June 20 will be Jack and Ruby Carter, above, of Bethany, Oklahoma. Recognized as evangelists and musicians of note in the denomination, the Carters will hold services at 10:00 a. m. and 8:00 p. m. for 11 days, according to Rev. J. T. Crawford, pastor.

CARTERS TO LEAD IN 10-DAY MEET AT NAZARENE CHURCH

Spiritual gospel messages and inspirational singing will feature a 10-day revival meeting at the Hamlin Church of the Nazarene, beginning next Thursday, June 20, according to local Pastor J. T. Crawford. Jack and Ruby Carter of Bethany, Oklahoma, will lead in the series of services that will continue through Sunday, June 30.

Recognized as evangelists and musicians of outstanding ability in the Nazarene Church, Mr. and Mrs. Carter will lead in services that will be of interest to all people of the community, states Rev. Crawford. Services will be held at 10:00 a. m. and 8:00 p. m. at the church, located two blocks west of Central Avenue.

Rev. Carter has held pastorates in the Church of the Nazarene for several years, his last pastorate being at Elk City, Oklahoma. He gave up pastorate work to devote his entire time to special evangelistic campaigns.

Mrs. Carter will direct the musical program during the meeting. Special musical numbers will be given by the couple.

Hamlin Bank Purchases Wise Chapel Securities

Purchase by the Farmers & Merchants National Bank of Hamlin of outstanding bonds of Wise Chapel Common School District was announced this week by Wise Chapel school authorities. Bonds issued in the district were combined, making the purchase total \$7,800. The securities mature in 1956.

Originally issued as construction and equipment bonds for the brick school four miles southeast of Hamlin, the bonds are secured by property valuations in the district totaling \$139,000.

\$1,000 Goal Set in City's Famine Fund

EMERGENCY FOOD COLLECTION NEEDS IMMEDIATE ACTION SAY DRIVE LEADERS

Quota of \$1,000 cash for the Emergency Food Collection assigned to Hamlin in the current national drive is expected to be raised in short order, according to C. C. Bailey, Hamlin drive chairman.

The drive, designed to relieve the acute famine situation that abounds in European countries and in several other sections of the world, is declared to be one of the most urgent in the history of the world. People are starving by the thousands overseas, and immediate food supplies are sorely needed, state national drive officials.

At a special called meeting of key Hamlin citizens, held Tuesday evening at the F. & M. Bank, it was decided that the drive would be conducted on a free-will offering basis. Hamlin's Rotary and Lions Clubs will take active part in the drive at next week's luncheons. Churches of the town are expected to announce the campaign and take offerings for the local funds at services Sunday.

Tate May, Haskell Carter and Ambrose Spencer compose the central finance committee, and contributions may be handed or mailed to them, Chairman Bailey states.

Business firms of the town are urged to mail sizeable checks without being contacted by workers. Donations of from \$5 to \$25 from business firms will be appreciated, campaign officials state.

Quota of \$1,000 for Hamlin would amount to less than 40 cents per person, but because no active solicitations will be made, many will not contribute, it is pointed out.

Drive is slated to close June 23.

Eisenhower Pleads for Extension of Draft as Pool of Men Shrinks

With the final form of draft extension highly uncertain, General Dwight D. Eisenhower said this week in Washington that "the pool of potential volunteers is drying up" and "selective service must supplement enlistments."

Hamlin area people were contemplating the effect of draft extension would have on the young manpower of the region.

"For this purpose 18 months of service is a fair contribution to ask of any young man," the chief of staff declared. "The security of our own country and continuing peace of our world are worth it. It is far less than we asked of the soldiers who fought to make possible a peaceful world."

Eisenhower prepared his remarks for a broadcast commemorating the second anniversary of the landings in Normandy which he commanded as supreme Allied commander.

Crow Brothers Grocery Adding Storage Space

Workmen were busy this week on a 30 by 50 foot addition at the rear of the Crow Brothers Grocery. The concrete floor was run last week-end and brick walls were going up middle of the week.

The addition will be utilized by the south end grocery in expanding storage facilities.

West Texas Center for Polio Set at Plainview

Representatives from county poliomyelitis chapters meeting last week at Plainview with officials of the National Foundation of Infantile Paralysis, approved a West Texas center of polio to be developed at Plainview.

Forty-four West Texas counties pledged \$12,800 with which to purchase equipment for the center.

A Plaintive, Heart-Touching Appeal Comes to Us from Across the Seas!

"Give us this day our daily bread . . ."

Hamlin section people are familiar with the beseeching words of an age-old prayer that rolls easily from the tongues of millions of Americans.

In other parts of the world today those words or their equivalent tumble not from the lips, but from the hearts, as hungry peoples cry for food.

In Austria, five-month-old black bread is munched on the streets, in stores, in parks, an American Red Cross correspondent abroad reports in a release to The Herald—not because of greed but because Austrians are trying to keep up sufficient strength to get through each day.

All over Europe and in the Far East the spectres of famine and pestilence are daily becoming less shadowy, more of a reality.

President Truman's Famine Emergency Committee, set up in this nation so that Americans may literally help feed the world, said in an April report, "The crisis abroad is more severe than when the committee first met March 1." Utilizing the resources of America as a nation, and with organizations such as the American Red Cross throwing full strength into the food conservation program, the president's committee is acting now—this very minute—to rush immediate relief to starving peoples abroad.

Folks of the Hamlin area—as well as those of the rest of the country—can have a definite part in the relieving of famine, conservation of wheat and saving of fat are two of the committee's measures which reach most directly into the kitchens of America.

The famine emergency committee says that if every person saves a slice of bread a day, the saving will be some 7,000,000 loaves of bread daily. A million pounds of fat per day can be saved by Americans if every man, woman and school child in the U. S. saves just one teaspoonful.

Chairman Basil O'Connor of the American National Red Cross, member of the president's famine emergency council of the committee, has

pledged the support of his entire organization to the drive for conservation of wheat and elimination of kitchen wastage.

One of the major efforts of the Red Cross in the anti-famine drive is through its nutrition service and nutrition committees in each Red Cross chapter. They will work in their respective communities to assist housewives in saving desperately needed wheat and fats and at the same time maintain adequate health standards for their families.

Give liberally to Hamlin's quota of \$1,000 in the drive. No solicitor will see you—it is your privilege to send or hand your gift to some member of the local committee.

WOMEN

IN THE

NEWS

Barbara Ann Gilkenson Honored at Party

Barbara Ann Gilkenson was honored Monday afternoon at Plasterco with a farewell party. She will leave soon with her parents to make her home at Fort Worth.

Games were played by the young group. Refreshments were served to Patsy Dunn, Nellie Johnson, Linda Wallace, Roy C. Houghton, Patsy Dominey, Eva Wallace, ary Ann Wilbanks, Mary Sue Warnell, Beth Ann Waggoner, Billie Dominey, Dwite Wallace, Sandra Polk, and Duke Waggoner.

Refreshments were ice cream and cookies. Favors were rubber balloons. Several pictures of the group were taken.

Edith Ann Scott and Teacher Attend Camp

Edith Ann Scott and Mrs. Camille Simmons attended the state Future Homemakers of America camp last week at Camp Arrowhead near Hunt, where swimming, hiking, riding, stunt nights and other recreation were mixed with the work of the group. The Texas group is joining the national organization and will be known as the Future Homemakers of America, Texas Association.

Edith Ann is a student of Hamlin High School, and Mrs. Simmons is home economics instructor in the local school.

State officers were installed Tuesday night with Ray Virginia McCreary of Temple named president for 1946-47, Dr. Hazel Frost, national advisor of FHA from Washington, D. C., was a guest and spoke on our organization.

The Texas Association is raising funds for a state camp. A goal of \$10,000 was set for the year 1945-46. They have raised approximately \$8,000 this year, and by the end of June the total amount is expected. A goal of \$10,000 is set for 1947-47, according to Mrs. Simmons.

Review of 15 Years of Club Work in County

As part of the observance of National Home Demonstration Week, it was requested that a history of Home Demonstration Club work in Jones County be written. As a token of appreciation for the home demonstration work which has meant much to the rural and urban families of the county, the Home Demonstration Council suggested that each club member send a gift of summer clothing to needy families in the Philippines.

In checking past records for getting the history of the work, a news clipping from 1934 revealed that Presentacion Atienza and Miss Brodeth from the Philippines had been honor guests of the Jones County Home Demonstration Council. Club members of the county who are addressing the gift packages will note that they are sent to Miss Presentacion Atienza, home demonstration agent in the Philippines, who will distribute the clothing. A few highlights of the home demonstration program the past 15 years are given here:

On arriving in Jones County on June 1, 1931, the home demonstration agent found much interest manifested in home demonstration work. Eighteen communities had filed requests with the county judge for clubs in their communities. During the first year, 21 clubs were organized with a total enrollment of 550 members. Sue Bonner was the county home demonstration agent from 1931 until February, 1935.

Jewel Faulkner served as county home demonstration agent from February, 1935, until July, 1936. She was followed by Gladys Martin, who served until November, 1941. Clara Brown Long then took over duties of the office and served through the war years. She resigned in September, 1945, and her place was filled in October by Hannah Nabors, who is now serving as county home demonstration agent.

District agents who have served Jones County as part of their Extension Service district are as follows: Myrtle Murray, Lida Cooper, Maurine Hearn, nad at present Thelma Casey. Tina Stewart, district agent at-large, has been serving recently in Miss Casey's illness.

Some of the demonstrations carried

COTTON QUEEN

Brunet Phoebe Cook, 20-year-old Smith College sophomore, was chosen to reign as queen of the Memphis Cotton Carnival this month. Daughter of Mr. and Mrs. Everett Cook of Memphis, the queen will share her throne with King Vance Norfleet, prominent cotton merchant.

ried in previous years included the following: Garden, 4-H pantry, clothing or wardrobe, food preservation, home food supply, kitchen improvement and others. Landscape improvement and living room improvement demonstrations are being carried at the present time.

The following women have served in the past as chairman of the County Home Demonstration Council: Mmes. Bert Whaley, J. L. Keen, W. C. McDaniels, Lloyd Sebastian, V. L. Merritt, H. P. Harvey, Dewey Ramsey, Will Myatt, C. D. Bingham and Charley Myatt.

Alathean Class Enjoys Picnic at Moore Lake

Alathean Sunday School Class of the First Baptist Church met at the Moore Lake for the May social and business meeting. Mmes. Bill Deel, Lott Shell and Tom Vaughn were hostesses.

Games were enjoyed, followed by a picnic supper, which was served to Mmes. Carl Young, Charlie Pitcock, P. D. Harkins, Alton Mayfield, Kay Gillispie, A. P. Patterson, D. D. Shelburne, Ben Parker, Charlie Polk, V. Steele, I. R. Huchingson, Thomas D. Ferguson, John Walton, Bill Millhorn, J. T. Hart, LaFoy Patterson, O. G. Harvey, R. A. Crockett and the hostesses.

Breakfast Announces Hudson-Harlow Rites

To announce the engagement and approaching marriage of her sister, Hannah Hudson, to W. L. Browning of Sweetwater, Mrs. J. M. Harlow entertained Sunday morning, June 2, with a breakfast in the Coleman Hotel club room. The couple will be married June 16 at 6:00 o'clock in the morning at the Coleman First Methodist Church.

Miss Hudson is the daughter of Mr. and Mrs. C. D. Hudson of Coleman, former residents of Hamlin, and a granddaughter of Mrs. A. G. Hudson of Hamlin. She is a 1936 graduate of Hamlin High School, and for the past five years has been secretary in the Allen & Allen Insurance Company at Coleman.

Browning is a son of Mr. and Mrs. J. C. Browning of Sweetwater. He is connected with the International Harvester Company in Sweetwater, where the couple will live.

June 16 is Father's Day. To The Book Shop for gifts and cards! 1c

Douglas Rankin and Jeraldine Beasley Wed

Douglas Rankin of Eastland, formerly of Hamlin, and Jeraldine Beasley of Anson were married at the bride's home at Anson Monday evening. The ceremony was performed by Rev. J. Henry Littleton of Abilene.

Jeraldine was honored at a gift tea at Anson Saturday afternoon. Among attendants at the tea were Mrs. Troy Austin and Mrs. A. G. Miller of Hamlin.

Carter-Patton Rites Said at McCauley

Geneva Carter, daughter of Mr. and Mrs. Glenn Carter, and James Patton, son of Mr. and Mrs. Patton of McCauley, were married Tuesday of last week at the home of the bridegroom's parents.

Mrs. Patton finished McCauley High School this year and was salutatorian of her class.

James has recently been discharged from the United States Army.

Mr. and Mrs. Patton will make their home on a farm southwest of McCauley.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

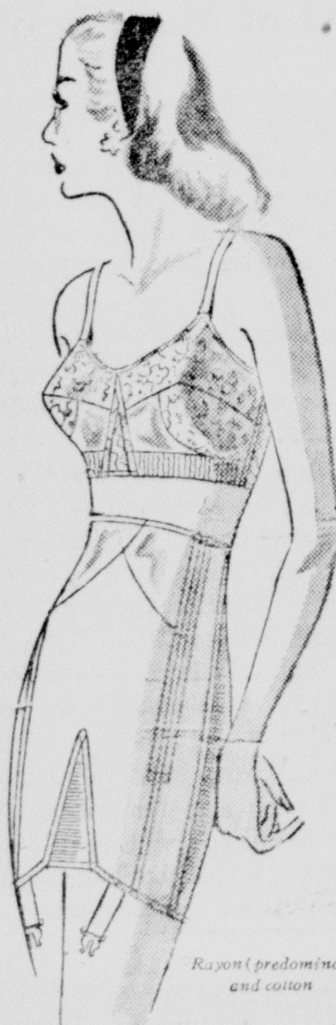

1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. Try Cardui. If it helps, you'll be glad you did.

HEALTH OFFICER OF TEXAS GIVES POINTS IN POLIO CONTROL

While no outbreak of infantile paralysis has been reported in the Hamlin area, Dr. George W. Cox, health officer, has issued the following statements and suggestions. The Herald concerning the control and prevention of poliomyelitis which now occurring in certain sections of the state.

Until recently it was generally believed that this infection is transmitted by means of discharges from a respiratory tract. It is now believed that poliomyelitis may be another one of the several gastro-intestinal infections. Therefore, control measures must include clean-up campaigns and improvements in sanitation.

Strict sanitary measures must be served in all communities. Stringent efforts should be made to eliminate the house fly and to destroy its breeding places. All mosquitoes and mosquito breeding places must be eliminated at once. Every effort should be made to institute approved garbage collection systems immediately. Safe water supplies must be secured. Where adequate municipal waste disposal systems are not in operation, it is vitally important to promote and maintain sanitary sewage tanks and outdoor privies.

All swimming pools should, under rigid supervision, maintain those standards approved by the Texas State Department of Health. This necessarily includes maintenance of proper chlorine level. Where such standards are not maintained, these pools should be closed immediately.

All raw foods and vegetables should be washed thoroughly before use and protected from flies, filth and insects. All eating and food handling establishments should adhere strictly to the state law concerning the sterilization of dishes and utensils. Those restaurants with sufficient personnel to maintain approved sanitation should close one or two hours a day so that employees can assist in maintaining cleanliness and high sanitary standards.

Every effort should be made to secure approved milk. Rats and mice should be eliminated. Maintain in

OUT OF NAVY NOW

Don J. Meads, above, is another Hamlin boy who is back home after helping to win the war. The son of Mr. and Mrs. E. E. Meads, Dan was in the Navy exactly two years. He spent 21 months overseas. On May 24 he received his discharge at Camp Wallace, Texas.

the home the sanitary standards that are necessary in community life. Particular attention should be paid to personal hygiene. Excreta from cases and contacts should be handled and disinfected with the same scrupulous care as in typhoid fever or bacillary dysentery.

Over-exertion in children should be avoided. Children should not visit homes where there is illness. Polio cases should be quarantined for 14 days, and adults who work in food establishments should be particularly instructed in personal hygiene. It is advisable to reduce to a minimum all human contacts, especially in children, during an outbreak of this disease. It is not advocated that schools, churches and theaters be closed.

Early symptoms of infantile paralysis are headache, fever, vomiting, drowsiness, followed by stiffness in the neck and back. When suspicious symptoms appear a physician should be called immediately.

Hamlin Area Farmers And Ranchers Urged To Save All of Feed

Hamlin area farmers and ranchers are being urged to make every bit of feed produced in the area count for the most this year, in view of the drastic shortage of the feed that exists all over the country.

Half of the feed produced in Texas in 1945, on the basis of total food value, was wasted. That is the contention of G. G. Gibson, dairy specialist of the Texas A. & M. College Extension Service.

In his estimate of lost food value which might be conserved for feeding, Gibson includes such potential crops as fence row Johnson grass, crop residue and bundle feed which is stacked in the open. Rat and weevil damage to stored grain, of course, takes a heavy toll.

Hamlin area feed users are reminded there has never been a year when it is so important not only to produce as much feed as possible, but to save every bit that is produced.

Scientists have developed some excellent raticides recently, but they are still too deadly and too potent to be released generally to the public.

Until these can be made available safely, folks should make the best use of the controls they have at hand. When mixed with attractive feed materials, red squill gives good results with both Alexandrian and Norway rats, those most commonly found in Texas.

Praise, like gold and diamonds, owes its value only to its scarcity.—Samuel Johnson.

SHERIFF'S SALE

The State of Texas, County of Jones:

By virtue of an order of sale issued by order of a judgment decree of the 104th District Court of Jones County, Texas, by the clerk of said court, on the 7th day of May, A. D. 1946, in a certain suit No. 6799, wherein the State of Texas, for itself and in behalf of Jones County, and for the use and benefit of all political subdivisions of said county whose taxes are assessed and collected by the assessor and collector of taxes of said county, is plaintiff, and City of Hamlin and Hamlin Independent School District, both municipal corporations, are intervenors, and Albert Moore is defendant, in favor of the said plaintiff, for the sum of \$250.34, together with interest thereon at the rate of six per cent per annum from date of judgment on first tract, for delinquent state and county ad valorem taxes, together with the legal and total amount of penalties, interest and costs of suit computed thereon, and the foreclosure of plaintiff's delinquent tax liens upon the property hereinafter described as the property of the defendants because of the non-payment of the taxes due thereon within the time and in the manner provided for by law, same being the amount of said judgment rendered in favor of said plaintiff, State of Texas, for itself and in the capacity hereinabove set out, by the said 104th District Court of Jones County, on the 1st day of February, A. D. 1946, and to me directed and delivered as sheriff of said Jones County, I have seized, levied upon and will, on the first Tuesday in July, A. D. 1946, the same being the 2nd day of said month, at the courthouse door of said Jones County, in the City of Anson between the hours of 10:00 o'clock a. m. and 4:00 o'clock p. m. on said day, proceed to sell for cash to the highest bidder all the right, title and interest of said defendant in and to the following described real estate, levied upon as the property of said defendant, the same lying and being situated in the County of Jones and State of Texas, and within the metes and bounds and territorial limits of said political subdivisions, to-wit:

First Tract: Lots 7 and 8, Block 7, of the City of Hamlin, and being the same land as described in a deed from J. M. Patterson to Albert Moore, recorded in Volume 130, Page 440, Deed Records of Jones County, Texas, to which reference is here made or any and all purposes;

Subject, however, to the rights of the defendant, his heirs, assigns or legal representatives, to redeem said property within the time and in the manner provided for by law; subject to the further rights of the defendant to have said property divided and sold in less divisions than the whole and entire tract, as also provided for by law; and in the event there are no bidders, said property will at said sale be bid off to the said State of Texas, for itself and in behalf of Jones County and for the use and benefit of all political subdivisions of said county whose taxes are assessed and collected by the assessor and collector of taxes of said county.—Bill Dunwoody, Sheriff, Jones County, Texas. By E. G. Bartlett, Deputy. Dated at Anson, Texas, this 23rd day of May, A. D. 1946. 30-3c

BILL BURNETT, Manager

It Seems Like Yesterday

It seems like yesterday that Nancy was playing with dolls. Now she's pushing her own baby carriage. Yes, there've been a lot of changes in the last fifteen years—most of them so gradual we hardly noticed them at all.

Nancy didn't grow up all at once. A tooth at a time—a curl at a time—an inch at a time—and suddenly a little kid sister was Mrs. Joe Jones, mother of Joe, Junior.

Like Nancy, the use of electricity has grown a lot in the last fifteen years. But the price of electricity has been going down steadily. You may not have noticed it because your bill may be about the same—but how many appliances have you added to your home since 1931? Actually, you're getting twice as much electricity for your money now as then.

Keeping electric service plentiful and cheap through years of rising costs was not easy. That today's electricity is at its very lowest price in history is a tribute to the hard work and experience of the men and women in the industry, and to its sound business management.

West Texas Utilities Company

NEED FOR DRIVING INSTRUCTION FELT AS ACCIDENTS RISE

The Grim Reaper continues to like the kids, and the stark evidence of his activity may be seen everywhere as year after year statistics shows that drivers in the age group 16 to 21 kill and maim more people than drivers in any other classification.

"But there is definitely an answer to this shocking situation," according to Harold R. Danford, educational director of the National Conservation Bureau, accident prevention division of the Association of Casualty and Surety Executives, in a special release to The Herald.

"Traffic safety specialists are quite positive—and they speak from many years of experience—that if parents and teachers throughout the country insist that every high school student must take a course in driver education, the problem of teen-age auto accidents would be well along the way toward a solution."

Mr. Danford, himself an educator of many years' experience, has visited every state in the country speaking before educational authorities on the need for safe driving courses in the high schools.

"If drivers were as careful in operating autos as engineers are in designing cars and highways, there would be fewer traffic accidents, for it is common knowledge that more than 85 per cent of all such mishaps on the streets and highways are caused by errors of judgment, lack of skill and other faults of drivers which can be greatly improved by tested educational methods, Danford continued.

"It is not only the fact that teenagers are the worst traffic offenders each year that makes the situation so crucial," he went on, "but that there are about 1,000,000 new young drivers taking to the highways every year to potentially increase this already great hazard. If all high school boys and girls could be trained in correct driving practices, obviously it would not be many years until virtually every driver on the road would know what he was doing.

"Several studies made in various parts of the country where driver education has been a part of the school program for several years or more show conclusively that the trained student is involved in many less accidents, arrests and reprimands than the untrained driver of the same age bracket. The U. S. Army has known this fact since 1942 and early in the war set up a comprehensive training course for all those who were responsible for the safe and efficient operation of motor vehicles.

"The automobile has taken its place among the foremost necessities of contemporary life—but at what cost! Nearly 400,000 persons killed, 11,000,000 injured and many millions in dollars lost during the last 10 years. It is a blessing that can be used and enjoyed without paying this unnecessary price. We cannot help attain this desirable goal by establishing universal driver training."

A headquarters admiral, informed a case of beri-beri had been discovered on Palau, was asked what to do with it. He wired: "Give it to the Marines—they'll drink anything!"

Few persons have sufficient wisdom to prefer censure, which is useful, to praise which deceives them.—Rocheffoucauld.

LEGION'S PROJECT FOR AMERICANISM FAR REACHING TASK

Hamlin American Legion post is cooperating in the campaign of the National Americanism endowment fund to raise \$450,000 in Texas, as the opening of a \$15,000,000 nationwide drive to support an expanded program of public welfare and education in the fundamental principles of constitutional Americanism. A quota of \$1,098 has been assigned the three Legion posts in Jones County, according to Joe L. Culbertson, county chairman. Culbertson is commander of the Keefer-Patterson Post at Hamlin.

In speaking of the importance of the Americanism program in this country, Courtney Terrett, famous war correspondent, had these comments to make avoring the movement:

"Americanism, I discovered (or rather, re-discovered, for like most of us, I had got my schooling in American history served as a gigantic sandwich in which the good meat was rendered tasteless by the requirement to memorize dates and Roberts' rules of order) was merely the code of living I had learned at home painlessly.

"It was a code of self-reliance, obedience to laws freely voted and an implied responsibility for my fellow man.

"If that could be made the testament of all Americans—a living testament, exemplified day by day—it might be possible to persuade the other 1,200,000,000 human inhabitants of this world that peace—not war—is the ultimate answer to our existence.

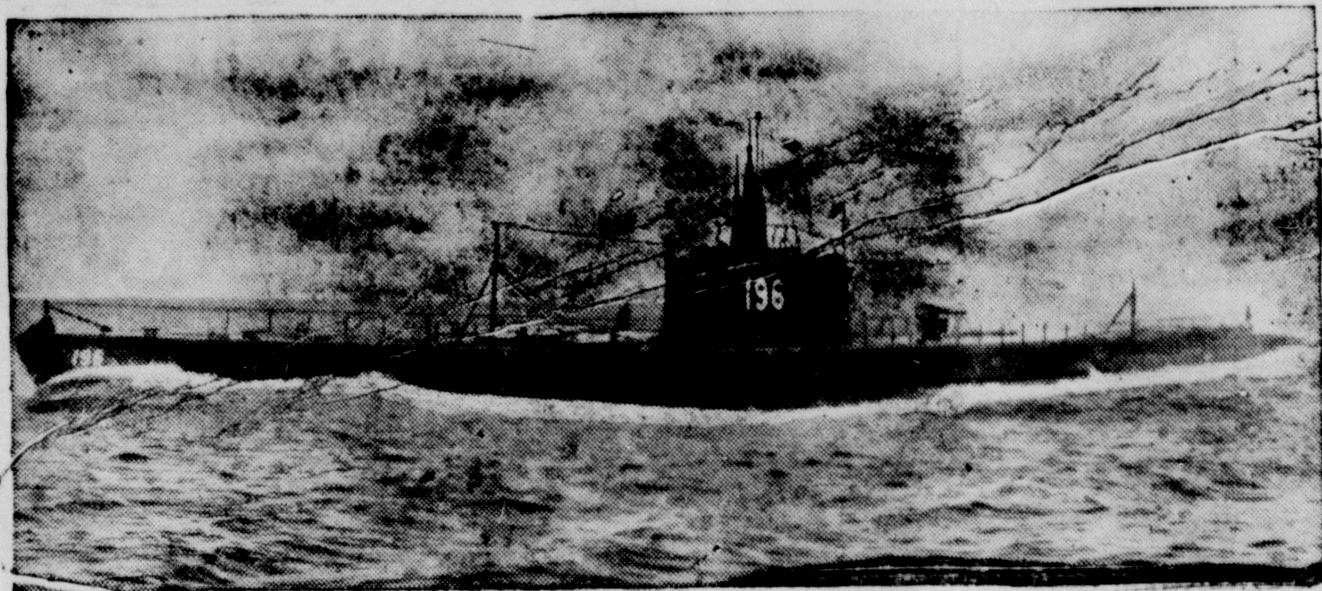

There still are a lot of cheap people in this high priced world.

SOOTHE YOUR KIDNEYS

Eliminate the cause of swollen ankles, rheumatic pains, tired aching back and that draggy feeling. CIT-ROS is bringing relief to thousands daily. CIT-ROS restores normal body pH. (the correct balance of natural body fluids). See your druggist, and simply say: "CIT-ROS." Sold for \$1.00 at:

CITY DRUG STORE, Hamlin

THIS AGING SUB WILL BE USED AS TARGET IN BOMBING TESTS

At Cavite, Philippine Islands, when the Japanese struck Pearl Harbor, the submarine U. S. S. Searaven, above, is slated to be one of the vessels to be used as

targets in the atomic bomb tests in Bikini Atoll, tiny islet in the Marshall Island group, soon. She completed 13 war patrols, sank an estimated 66,000 tons of Jap

shipping and damaged an additional 10,000 tons. The veteran submarine also participated in numerous rescues at sea during the second World War.

SEEKS CONGRESS JOB

Seventh candidate to file for a place on the ticket for Congress of the 17th District was Gib Sandefer, above, of Breckenridge. Son of the late president J. D. Sandefer of Hardin-Simmons University, Abilene, Gib has been a rancher and oil operator for several years. The Herald presented his formal announcement last week.

Spring House Cleaning By Communities Will Further State Health

A good old fashioned spring house cleaning in Hamlin and other communities in Texas would do a great deal toward furthering good health in this state, according to Dr. George W. Cox, state health officer, who said in Austin this week, "From a practical standpoint the old adage that 'Cleanliness is next to Godliness' is still well worth emphasizing."

A general clean-up program of state-wide proportions with the objective of bettering health conditions for our citizenship should include surface cleaning, drainage, the grading of streets and alleys, the cleaning of all parks and playgrounds and the clearing of weeds and rubbish off of vacant lots.

"The destruction of mosquito breeding places and rat harborage, proper disposal of garbage and trash and the general cleaning up of all premises will be," said Dr. Cox, "of inestimable value in helping to keep down summer health hazards such as dysentery, typhoid and poliomyelitis. Good community housekeeping and ordinary sanitary measures require the prompt removal of all waste matter in and around yards and homes in order to abate the danger of such diseases, and insure good health protection throughout the state."

Dr. Cox stressed the fact that many dangerous diseases are filthy-borne, and the only possible way to control them is to eliminate the unsanitary conditions responsible for their spread.

Beryle Mae Travis and Earlene Johnson accompanied Mrs. Gus Travis to Nocona last week-end, and went on to Gainesville to visit with relatives and friends.

When you go to a hotel for a change and rest nowadays, the bell-boys get the change and the hotel gets the rest.

A person's emotions can be judged better from his mouth than from his eyes.

Nervous and mental diseases constitute 12 per cent of all illnesses.

TAKES AIR TRAINING

Now at Geiger Field, Spokane, Washington, taking training as an aviation engineer of the Army Air Forces is Private Thomas S. Johnson, above, son of Mr. and Mrs. C. W. Johnson of Celotex. Thomas is a 1945 graduate of Hamlin High School.

Compromise Teen Age Draft Bill Being Studied

A plan to permit the induction of 18-year-olds but to prohibit their use overseas was offered this week in Washington by Representative Sparkman of Alabama as a compromise to break the Senate-House deadlock over extension of the draft law.

Sparkman, Democratic whip of the House, said his proposal would permit draft boards to continue to induct 18-year-olds but would prohibit the Army and Navy from using them as overseas replacements, unless they volunteer, before they are 19.

BREAD RATIONING HLED UNLIKELY BY FOOD AUTHORITIES

Hamlin area people, little disturbed by the possibility of bread rationing that had been talked for several weeks, found comfort for what fears they might have had of rationing this week when food officials announced that they were optimistic that bread will not be rationed, though the possibility was not wholly ruled out.

Economic Stabilizer Chester M. Bowles disclosed that he had talked to Department of Agriculture officials in Washington about the possibility of rationing bread, but not

including—the consumer. He told reporters later that nothing had been decided definitely and that it may not be necessary.

OPA officials said so far as they knew no actual program had been worked out, even tentatively and subject to later decision on whether to put it into effect.

Mr. and Mrs. Robert L. Fowler of Rawlins, Wyoming, were recent visitors in Hamlin with their parents, Mr. and Mrs. P. A. Fowler and Mr. and Mrs. R. G. Riddle. They will soon make their home at Roswell, New Mexico.

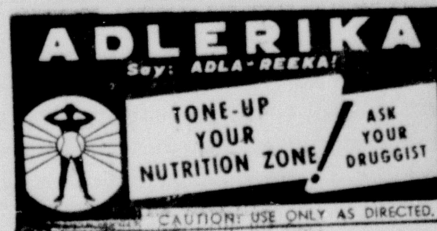

Nowadays it isn't a question of whether or not the train is on time. It is just a matter of whether or not it is going in the right direction.

Acid Indigestion

Relieved in 5 minutes or
double your money back

Acid indigestion causes painful, suffocating gas, sour stomach and heartburn. Doctors usually prescribe the fast-acting medicines known as symptomatic relief—medicines like those in Bell's Tablets. No laxative. Bell's brings comfort in a jiffy or double your money back on return of bottle to us. 25¢ at all druggists.

Mrs. W. H. Gilbert is taking a vacation, driving up to Ann Arbor, Michigan, to visit her daughter, Edwina Gilbert, who expects to receive a Master's degree in August. A sister, Mrs. J. A. Morris, is also visiting there, and the two will then go on to Vermont to visit with her daughter, Mrs. Penzenick. They will be joined by Miss Choy of Abilene, who is entering Ann Arbor University this summer, and Miss Wylie of Dallas, who will make the trip. They will be away about three weeks.

STAMFORD REUNION TO FEATURE CHUCK WAGONS OF AREA

Those attending the sixteenth annual show of the Texas Cowboy Reunion, to be held in Stamford on July 2, 3 and 4, are assured of witnessing the finest rodeo performance and of having lots of fun and plenty to eat.

One of the most unique features of the Texas Cowboy Reunion is the chuck wagon camp. After the spring round-up and branding are finished bosses and cowboys load up the old chuck wagon and head for Stamford and the Texas Cowboy Reunion as a sort of vacation. There the ranch hands set up camp on a special reservation provided for that purpose. They eat at the chuck wagon, compete in the cowboy rodeo and take in the other attractions of the annual celebration.

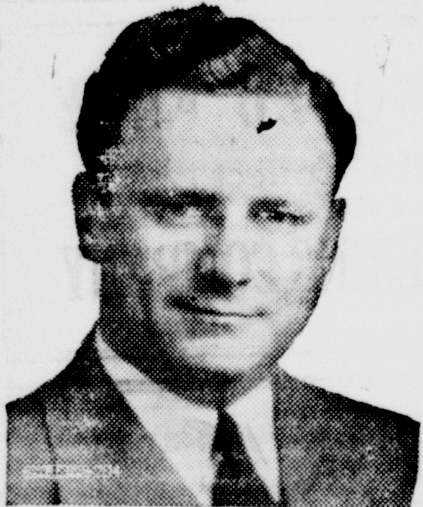

R. G. Bowdry, chairman of visiting chuck wagons, announced this week that all ranches are invited to bring their wagons. All provisions, including groceries and meats, are furnished without charge to all the wagons after their reach the reunion grounds, providing that they have notified the chairman of their intention to attend. Visitors have the privilege of buying meals at these ranch chuck wagons and of visiting and mingling in the chuck wagon camp.

Trouble with most politicians is that they build their fences so high they can't get over them.

JANE WINKLES, COUNTY 4-H CLUB GIRL, TELLS OF TRIP TO STATE PLANNING MEET

Following is a story of the A. & M. Conference of 4-H Club boys and girls attended recently by Jane Winkles of Lueders. Jane was one of 12 boys and girls of Texas attending the conference to plan a training program for the summer for 4-H Clubbers for this year.

My trip to Texas A. & M. College, College Station, was very exciting and educational. I think that all six of the girls and the six boys who were sent had just as nice time as I.

I made the trip with Miss Hannah Nabors, my home demonstration agent, and we arrived at College Station about 5:30 Sunday afternoon. We had rooms at the Aggie Inn. I met two other girls, Dorothy Dueterhoff of Rosenberg and Anita Ruthardt of Amarillo. We three had dinner together and went to a movie afterward.

Monday morning Miss Nabors and I were ready to go to work. Dorothy, Anita and I all attended the meetings. With six 4-H Club boys and six girls, we planned for our short course this summer, and decided to call it the "Roundup."

Monday night Miss Wheatly and some of the other agents took all the boys and girls to see the retreat. After seeing this we had dinner at the Aggie Inn. We visited the main building there in College Station. We saw many modern machines which included mimeographs, calculating machines, addressograph, etc. Following a special dinner we went to Bryan and saw a movie.

Tuesday morning Anita, Dorothy and I were up bright and early. We ate breakfast and Miss Wheatly came by and Dorothy, Gerald, Corky and I went to the broadcasting room and made a record about our work in 4-H Club work and our 4-H Roundup this coming summer.

We rode back to our regular meeting room and discussed our program. I told the adults all about our entertainment Monday night.

On the return trip we spent the night in the Roosevelt Hotel in Waco. While we were there we rode around and saw Baylor University and other places of interest.

Wednesday morning we checked out and left for Anson.

Good at Deducing.

"I shall now test your powers of deduction," said the professor of logic to his class. "If beans are 20 cents a pound, butter goes up a dime, four per cent of next month's coffee is flat, and my dog runs away, how old am I?"

"You're just 48, sir," promptly replied a beetle-browed youth in the back.

"Excellent," cried the professor. "Now tell us how you deducted the correct answer."

"Simple," was the reply. "I've got a brother who's 24 and he's only half nuts."

The "abundant life" which Jesus desired to bring is to be had by the sincere application of his gospel to life.—Rev. Benjamin L. DuVal.

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out. Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance. The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

VANGELIST SAYS TOWN BRAGGING IS GOOD CLUB HABIT

"It's a good habit to brag on your community," declared Rev. J. Kennedy of Dallas, told Hamlin Lions Club members and guests the weekly luncheon of the civic group in the Morgan Hotel Tuesday noon. "Just such organizations as the Lions and other civic groups are places where one's town is boosted in a concerted way, and I enjoy my meeting with such groups all over the country," the speaker declared. Rev. Kennedy is leading in the vival crusade underway at the First Methodist Church in Hamlin. He is guest at the Lions Club of Dr. W. McCrary, acquaintance of a quarter of a century. "Just a Song at Twilight" and "Drink to Me Only with Thine Eyes" were rendered as impromptu solos by the talented evangelist. Mrs. McCrary accompanied him at the piano. Attendance at the summer camp members of the Lions Club sponsored Boy Scout troop was announced. President Art Carmichael. Entry Jo Ann McCrary as candidate for Texas representative in the Cotton States Jubilee at the Philadelphia International convention at Philadelphia next month also was announced. Curtis McElhaney of New Orleans is a guest of the club.

INDEPENDENTS WIN OVER ROSCOE 25-5 IN SUNDAY GAME

Roscoe baseballers were drubbed Sunday afternoon by the Hamlin Independents to the tune of 25 to 5 before a good sized crowd. The tilt was played at the city ball park.

Fifteen hits and a flock of errors by the Nolan County boys accounted for the scoring spree by the locals. A home run with two teammates on the bags helped the tally situation, too, when Leslie Cowan lobbed one over the left field wall.

Miles, who started the tossing chores for Hamlin, allowed three hits and chalked up seven strike-outs in six innings. Black, who pitched the remainder of the game, allowed three bingles and turned in two strike-outs.

Box score of Sunday's game:

	AB	R	H
Roscoe—

Detroit Man Named as Head of Rotary Group

At the thirty-seventh convention of Rotary International held last week at Atlantic City, New Jersey, delegates representing 5,800 Rotary Clubs with a membership of 275,000 business and professional executives in 72 different countries, elected Richard C. Hegke of Detroit, Michigan, as president of that service organization for 1946-47.

Tom Teague, Hamlin merchant, president-elect of Hamlin Rotary Club, attended the convention. With Mrs. Teague, they are expected home this week-end. They went on to New York and other markets before starting for home.

HERE'S WAY TO BUILD UP RED BLOOD to get more STRENGTH
if you lack BLOOD-IRON!
You girls and women who suffer so from simple anemia that you are pale, feel tired, weak, "dragged out"—this may be due to lack of iron in the blood.
So start right away—try Lydia E. Pinkham's TABLETS—one of the best and quickest home ways to help build up red blood to get more strength and energy—in such cases.
Pinkham's Tablets are one of the greatest blood-iron tonics you can buy. Just try them for 30 days—then see if you, too, don't remarkably benefit. All drugstores.

\$1.00 RIDES YOUR LAWN OF UGLY WEEDS!
Amazing new weed-killer made by **SHERWIN-WILLIAMS** kills lawn weeds in one application without harming common lawn grasses.
WEED-NO-MORE **MAGIC WEED KILLER**
Weed without work? Yes, sensational new Weed-No-More makes backbreaking weeding only a memory! One quick, easy spraying penetrates to the roots, brings sure death to dandelions, plantain, poison ivy, poison oak, chickweed, ragweed, docks, and most other weeds... all those ugly-looking blemishes that spoil the looks of your lawn!
Easy to use? It's simplicity itself! Just dilute Weed-No-More with plain water and spray on your lawn with any ordinary spray equipment. Or use the old watering can!
Safe? Of course! Weed-No-More will absolutely not harm common grass or soil when used according to directions on the package.
ROCKWELL BROTHERS LUMBER CO.

PRATER RENAMED JAYCEE PRESIDENT AT MONDAY MEET

C. C. Prater, clerk in the Hamlin post office, was elected permanent president of Hamlin Junior Chamber of Commerce Monday evening when the civic group met in the high school building for permanent organization. Prater was named temporary president in March when the Jaycees were first assembled.

Other officers named at the Monday evening session were: Bill Burnett, first vice president; Bill Shira, second vice president; Pat Marlow, secretary-treasurer; and Don Gould, state representative. Marlow replaces Herman Treadwell in the scribe position. Five directors were named at the session.

Discussion of weekly luncheon meetings for the Jaycees was conducted, and a committee is endeavoring to find accommodations for such gatherings, states Prater.

Charter for the Hamlin Junior Chamber of Commerce was presented Prater in ceremonies at Abilene May 15. Initiation fee of \$3 is being charged. Nearly 50 memberships are reported to date by Jaycee officials.

We should examine ourselves and learn what is the affection and purpose of the heart, for in this way only can we learn what we honestly are.—Mary Baker Eddy.

Some natures are too good to be spoiled by praise, and wherever the vein of thought reaches down into the profound, there is no danger from vanity.—Emerson.

Look upon every day as the whole of life, not merely as a section; and enjoy and improve the present without wishing, through haste, to rush on to another.

Two ages of men: When he wants to be faithful and isn't, and when he wants to be faithless and can't.

Professor Thomas G. Masaryk was still the grand and vigorous leader of his country at 87 years of age.

E. C. WALDROP
D. I. (IKE) WEST

STARVING EUROPEANS LOOK TO AMERICA

Two starving Czechoslovakians, too weak to walk without the aid of canes, look toward America for help—immediate help—to save them from death.

You have a chance to aid them and millions like them in famine stricken countries. Give money or food in tin cans to the Emergency Food Collection.

Farm Income for April Shows Unusual Increase

A 50 per cent increase in Texas farm income in April over April a year ago was reported this week by the Bureau of Business Research at Austin.

Jones County farmers registered thousands of dollars greater income this year than they experienced last year.

Income of Texas farmers was approximately \$86,000,000 for the month, more than three times greater than for the average pre-war month (1935-39).

Higher prices and greater volume marketings combined to bring about the upturn, the bureau said.

Six Scouts from Lions Troop Attending Camp

Six members of Boy Scout Troop No. 43 are attending a week's session of the Chisholm Trail Council Camp this week at Camp Tonkawa, near Buffalo Gap. They were taken to the council camp Sunday afternoon by Art Carmichael, who will return for them Saturday afternoon.

The boys, members of a Hamlin Lions Club troop, are Jimmy Maberry, Joe Allen Dean, Charles Binnicker, W. L. Fletcher Jr., Robert Bonner and Donald Green.

The six were left in charge of the Scoutmaster of an Albany troop, and were taking part in camp activities as a member of that troop.

Thomas Johnson Begins Aviation Engineer Tilt

Private Thomas S. Johnson, son of Mr. and Mrs. C. W. Johnson of Celotex, has begun training as an aviation engineer of the Army Air Forces at Geiger Field, Spokane, Washington, according to word received this week from Colonel Eric Dougan, commanding officer.

A 1945 graduate of Hamlin High School, Thomas entered the service January 22. He took preliminary training at San Antonio and Biloxi, Mississippi.

Many skilled subjects taught at the AAF Aviation Engineer School, such as repair and operations of automotive equipment, tractors and graders used in airport and highway construction, should prove of inestimable value as a future civilian occupation, Army officials state. Drafting, surveying and carpentry are some of the other subjects taught at the engineer training school.

JUNE 30 A BIG DATE FOR ARMY MEN!

If you have been discharged from the Army—if you held a grade and wish to retain it—if you have dependents—then act now. . . . June 30, 1946, is the last day on which you can enlist in the Regular Army and still take advantage of two important benefits . . . retention of your old grade and family allowances.

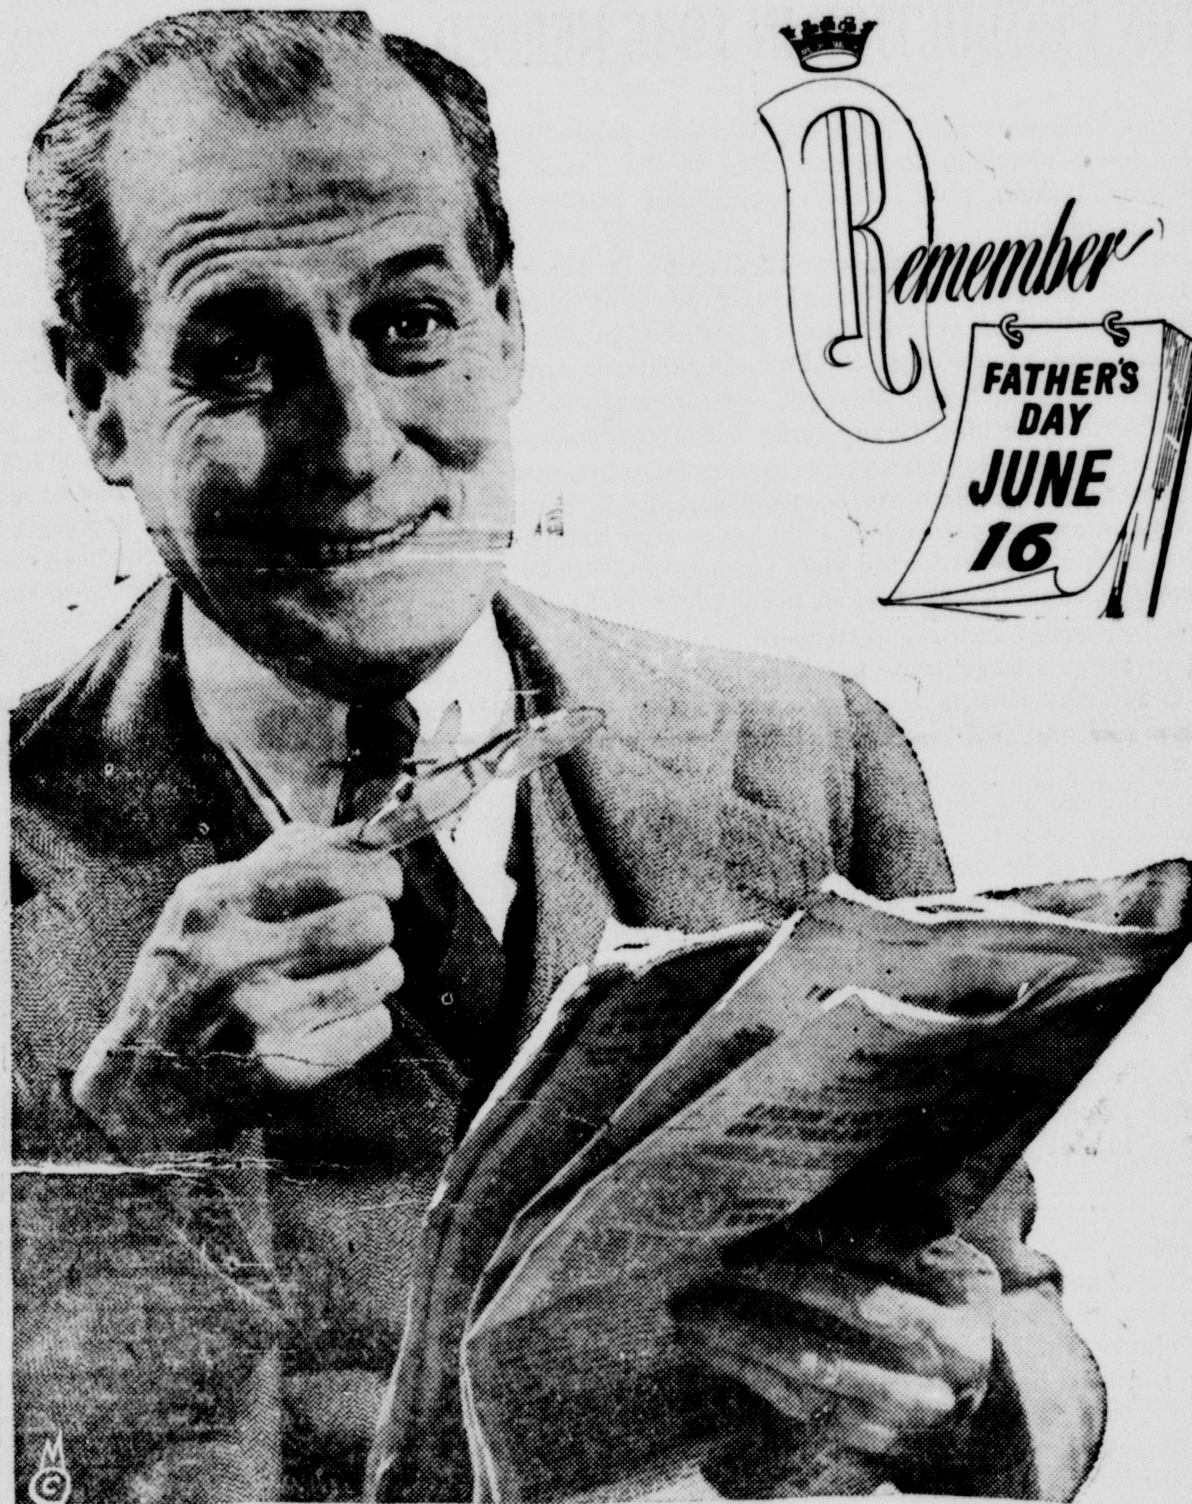

Family allowances for your dependents will be continued throughout your enlistment only if you enter the Regular Army before July 1, 1946.

If you have been discharged from the Army and wish to re-enlist at your old grade, you must enlist within 90 days after your discharge. And before July 1, 1946. Think it over. Act now.

"Okay, just so the engine's OIL-PLATED!"

"This one is . . . and you're 101% right," the car salesman agrees. He goes on to explain, "We want this car to show you real engine endurance—which means the least carbon, sludge, and upkeep you can have. That's goodwill for us. And all it takes to keep your engine's insides OIL-PLATED is Conoco Nth motor oil . . . Say, this time you're figuring to treat your new car right!" . . .

Many of the oldest cars, too, are being kept in the running by having their engines OIL-PLATED. This internal wear-fighter—OIL-PLATING—is created by magnet-like action. That comes from Conoco Nth oil's added ingredient—surfacing your engine's insides with durable OIL-PLATING. There's your barrier against lots of wear. You can have it in any car—any model or year—by driving around to Your Conoco Mileage Merchant's station. You'll get your correct grade of Conoco Nth oil—and an OIL-PLATED engine. Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

WE ARE PROUD OF HAMLIN'S LAKES

Hamlin's three lakes got good drinks in recent weeks. Both the old lakes west of town caught several inches of water, while the new lake south of town registered a rise of about two feet, which amounted to several million gallons of water. Water supply for this northwest Jones County metropolis is assured for months to come.

With neighboring towns registering water shortages several weeks ago, we were made to realize the value of our reservoirs. Stamford's water supply ran so low recently that the city called on Abilene for relief, which call the Taylor County city answered in a neighborly fashion—the second or third time within the last several years.

Not only are the present needs for water supplied in the three city lakes near Hamlin, but provision for nominal city growth for years to come has been arranged for. Every time other cities experience water shortages we are prone to pat ourselves on the back for foresightedness in building ample lake facilities.

And water for domestic use is not all. The fish stories sound mighty good coming from the three lakes.

COTTON PRODUCTION IN 1946 NEEDED

Cotton offers Texas its chief hope for increased production of feeds critically needed by livestock in 1946, according to the Texas cotton production committee. Hamlin area farmers are putting maximum acreages in the ground this spring.

Prospective plantings of other major feed crops in Texas for 1946, compared with 1945, indicate reductions of eight per cent in corn, 10 per cent in all sorghums, five per cent in oats, 10 per cent in peanuts and six per cent in all tame hay, according to the U. S. Department of Agriculture.

"Increased cotton acreage and production can do much to offset these decreases in feed crop plantings by supplying more cottonseed meal, cake and hulls for livestock on Texas farms and ranches," the committee pointed out. "There is still time to plant more cotton acreage in many sections, and plenty of time in all sections to follow the seven-step Extension Service program which will help to increase the yield per acre and supply of cottonseed feed products, cottonseed oil and other needed fiber and seed products."

With present prices of lint and cottonseed, and the acute demand for their products, assuring a large value per acre for the 1946 crop if yields are favorable, it will pay Hamlin area farmers to follow clean crop plans, reduce insect damage and follow other practices that increase yields, the committee asserts.

"Texas farm income and feed supply in 1946 depend to a large extent upon the cotton crop now being produced," said the committee's report, "and everything that can be done to increase production will benefit cotton producers, livestock raisers and the state as a whole."

STARVATION CAN BREED ANOTHER WAR

The Emergency Food Collection on behalf of United Nations Relief and Rehabilitation Administration gives each of us the privilege of contributing money, food in tin cans, or both, to the people of starving and war-mangled countries.

It is a privilege, and from a common-sense viewpoint it is imperative. Those who somehow survive a long period of starvation become warped, not only in body. The old will die, mercifully for them; but the young will struggle to live, filling their bloated stomachs with grass, roots, garbage, anything. In order to live they will lie, steal or murder, for self-preservation is a primal law.

It is to the young that we look for world peace, unity and orderly government; but people who have always been hungry are not interested in ideals. Eventually they will be interested in another war. If we feed those who now starve we may well be protecting our own children and grandchildren from the burning bombs, the shattering guns, the slow or sudden death.

Look at it another way: If you have never seen a starving child, imagine one. Then look at the child you love. Will the contrast help you sleep nights?

Centuries ago it was ordered by a compassion that knew neither race, creed or color, "Feed my lambs." Can we afford to ignore this plea knowing we are all children of God?

Give in His name—in the name of all humanity!

WHAT CONTEMPORARIES ARE SAYING

HOSPITAL ISSUE REJECTED BUT NOT DEAD

Voters Saturday turned down the proposal to burden themselves with a county hospital, for the time being at least. Under the law the proposition could be submitted again after the expiration of 12 months. And that may happen.

Success or failure at that time would hinge greatly upon what happens in the meantime. Passage of a bill now pending in Congress to make available huge sums of money on a match-fund basis for setting up rural hospitals would have a decided bearing on the outcome of the new election.

The closeness of the results—the issue was defeated by only 38 votes—makes it obvious that many people want more hospital facilities or are dissatisfied with those that are available. Unless these conditions are remedied you may rest assured that the proposition will be submitted again and probably will carry.

Hamlin plans to let contract this month on the first unit of their cooperative hospital. This should alleviate the situation considerably in that area. The Stamford Sanitarium has indicated that it plans an expansion program as has also Hendricks Memorial Hospital in Abilene. These actions will have a definite bearing on the outcome a year hence.

With the end of the war and the gradual return of doctors and nurses to civilian life, hospital service can be improved a lot and that source of dissatisfaction eliminated.

All of this discontent, we believe, must be appeased before a county hospital is to be forestalled at a future election.—Stamford American.

Met a fellow in the big city recently, whom we hadn't seen in ages. Had a difficult time recalling his name until he said we had slept in adjoining pews in the same church for 10 years.

It is one of the beautiful compensations of life that no man can sincerely try to help another without helping himself.—Bailey.

MRS. TATE MAY AWARDED KEETER MEDAL FOR SERVICE TO HARDIN-SIMMONS DRIVE

Mrs. Tate May of Hamlin was presented the John J. Keeter Jr. award in commencement exercises of Hardin-Simmons University, Abilene, Monday morning. The award is given each year to the man or woman ex-student or alumnus rendering the most outstanding service to the university during the past year.

In connection with the presentation, the Abilene Reporter-News had this to say Monday:

"If Milta has a hobby, it must surely be her love for young people and her ability to lead them," said a fellow townsman of Mrs. Tate May of Hamlin. Yet another asserted that Mrs. May's outstanding characteristic was her cheerful efficiency and the tenacity to see a job well done.

Certainly this year's recipient of the John J. Keeter Memorial Medal, given through the Ex-Students Association of Hardin-Simmons University to an alumnus on the basis of character, meritorious achievement and service to the school, is a capable leader and a most gracious hostess. This medal is given annually by Mr. and Mrs. John J. Keeter of Throckmorton in the memory of their son, Lieutenant John J. Keeter Jr., a former student of H-SU who was among H-SU exes paying the supreme sacrifice in the recent world war. The award was presented Mrs. May for her outstanding part among alumni and ex-students at Hamlin during the past year. There was unusually strong response from her group to the university's building program.

This same ability had previously been reflected through Mrs. May's organizational work with the young people of her own local church. "Mrs. May is most versatile, but her chief interest is her church work," said Ted Russell, Hamlin banker and close friend of the May family. A member of the First Baptist Church of Hamlin, she is young people's leader in the Sunday School and the missionary organizations of the church.

Her religious interests, however, have not been confined to her own local church. Being a student herself, and a firm believer in an extended missionary program, Mrs.

May is both the associational and the district chairman of mission study work. It is her duty to foster the reading of mission literature and biographies throughout the Baptist churches of the 12 counties under her jurisdiction.

She is also a keen student of civic affairs and an active member of the Hamlin Literary Club, for which she is now serving as program chairman.

Coming to Hamlin as a teacher and three years later marrying Tate May, who is now president of the Farmers & Merchants National Bank, Mrs. May proved her studious nature by securing her B. S. degree from Hardin-Simmons University in 1940. Her previous work had been done in Texas University before her marriage.

She and Mr. May have one son, James Tate, who has recently returned from military service in the European theater of operations.

Celotex Buys 160-Acre Tract Near Longworth

Holdings of the Celotex Corporation, processors of gypsum products at Celotex and Longworth, were expanded last week to 1,783 acres, according to Manager John O. Lewis. Ample raw products for many years of operation are assured in the recent acquisition.

One hundred sixty acres were purchased recently from the E. L. Bartlett tract near the open pit mines of the company at Longworth, where gypsum is mined and shipped to the processing plant at Celotex.

UFORD JENNINGS IN CONSTABULARY POLICING GERMANY

Private First Class Buford E. Jennings of Hamlin is now serving with the U. S. Constabulary, the new, all mobile, security striking force which will soon be policing the entire German zones in Germany and Austria.

Private First Class Jennings, whose other, Mrs. Anna May Jennings, resides on Route 1, now wears the distinctive uniform of the constabulary which is an integral part of the Third Army, the only remaining major field command in Europe. His new dress consists of smooth surfaced combat boots, an olive drab long blouse with matching trousers, gold insignia and alternating bands of blue and gold. Off duty Jennings replaces his helmet liner with a sharp service cap with visor and removes his leather shoulder strap and pistol which every man, except medics and bandmen, carry in the constabulary.

Private First Class Jennings is one of 38,000 officers and men, all volunteers or carefully secured reinforcements who will carry out the constabulary's many security missions with light tanks, armored cars and jeeps, motorcycles, horses and liaison type aircraft.

As a member of this rapidly forming crack corps, led by Major General Ernest N. Harmon, veteran combat commander, Jennings meets high standards of physique and ability and receives specialized training for his duty of soldier and special policeman.

Baptist Vacation Bible School to End Friday

Enrollment at the Vacation Bible School at the First Baptist Church has been good this week, according to Pastor John H. Osteen. Attendance of more than 100 young people from four to 15 years of age every day in departmental classes has enjoyed handwork, art, sewing, trinket making, Bible stories and singing in the five-day series of classes.

Classes began Monday morning, and will continue through Friday, congregation leaders state.

The reason we don't like to be photographed is that when we try to look pleasant we don't look natural, and when we try to look natural we don't look pleasant.

The housing situation is getting terrific. A couple can't even live with the parents nowadays, because the parents are living with their folks.

We don't understand why modern girls are so rude as to let their boy friends go home without breakfast.

People over 45 years of age now comprise more than a quarter of the population of the United States, or about twice the proportion of a century ago.

When a man gives his wife a fur coat it is either to keep her warm or to keep her quiet.

After 40 the bulk of your troubles are in your tummy.

\$1.00 CALVES

Would you give \$1.00 to save that calf sick with Scours or Diarrhea? **Durham's Combination Treatment** is a Veterinary Prescription which combines a new sulfa powder with an intestinal astringent liquid. It has proven so successful for Calf Scours that we sell it on a **Money-Back Guarantee**. If a \$1.00 treatment does not save your calf your \$1.00 will be refunded by **REYNOLDS DRUG STORE**.

SHE'S SLICK CHICK

Chicken feeding time down in Dixie brings out slick chick Lucille Hamer of Brownsville, Tennessee, with a big handful of feed for her flock. And what's this? Why, she's wearing a new checked cotton play suit made from the bags in which the chicken feed was packed. Who says a slick chick can't be both smart and thrifty?

Hoarding in Home of Old Medicines Poses As Threat to Health

There are many persons who naturally hoard anything and everything, including old clothes, boxes and other useless articles, Hamlin people are reminded, some of which constitute no greater danger than a possible fire hazard, but a very real danger is present when this tendency is applied to hoarding old medicine in any form.

Most medicine finds itself into the home through a doctor's prescribing it for some specific illness. For the sake of safety, left-over medicines should be destroyed immediately when they have fulfilled their purpose and never be stored in the medicine cabinet for future unprescribed use in case of another illness, according to Dr. George W. Cox, state health officer.

"Self medication with the use of left-over drugs which were of great benefit to some previous illness can sometimes turn a simple ailment into a very serious condition of actual poisoning," Dr. Cox said. "This is particularly true of the indiscriminate use of sulfa drugs which have been prescribed for some previous specific condition.

"It is wise to use medicines as indicated for the illness for which they are prescribed by your doctor, and when they are no longer needed, destroy the remaining medicine immediately," Dr. Cox said. "Even if you expect a return of the same condition at some future date, it would be better to obtain new medicine if the condition recurs than to retain this old medicine in the cabinet and subject the members of your family to the danger of using it unwisely."

Phone 241 and tell us your news.

J. A. JACKSON DIES LAST THURSDAY AT McCAULEY HOME

J. A. Jackson, 75 years of age, pioneer farmer of the McCauley community, died Thursday evening at 7:00 o'clock at his home. Although he had been in failing health for two years, Mr. Jackson's death came unexpectedly.

Funeral services were held at the McCauley Methodist Church Friday afternoon at 5:00 o'clock, with Rev. D. A. Ross of Abilene, former pastor, officiating. He was assisted by Rev. W. R. Johnson of Goree, Rev. J. C. Bateman of Munday, Rev. Watkins of Rotan, Rev. Silas Dixon of Anson and Rev. C. E. Dick, Baptist pastor of McCauley.

Interment was in the McCauley Cemetery under direction of Barrow Funeral Home of Hamlin.

Surviving Mr. Jackson are his widow, Mrs. Ann Jackson; two stepsons, J. I. Parker of Fort Worth and Roy Parker of San Antonio; a brother, C. G. Jackson of Clarksville; and a cousin, W. L. Jackson of Abilene.

Insurance Protection Involved in Benefits of Social Security System

Although most workers in the Hamlin area know that their social security tax deductions are building up a retirement fund for them, many do not realize that they also may have some very valuable family insurance protection under the old-age and survivors' insurance system.

This system, according to a statement made this week to The Herald by Ralph T. Fisher, manager of the Social Security Board office in Abilene, provides monthly payments to several classes of dependent survivors. These include minor children up to the age of 18, the young widow with these children in her care, the widow at age 65, and—under certain conditions—the dependent parents at age 65. In many families, particularly those in which the children are small, the insurance protection under social security is equal to a \$10,000 to \$15,000 policy.

The Herald is asked to advise people of this territory that the Social Security Board now has available a new booklet which describes the survivors' insurance features of the plan, as well as the retirement provisions. A copy of this booklet may be obtained by writing a postal to the Social Security Board, Abilene, Texas. Ask for booklet No. 35.

The good man has absolute good, which, like fire, turns everything to its own nature, so that you cannot do him any harm.—Emerson.

MAID OF COTTON TURNS TRACTOR DRIVER

With Ed Hillen of the Ford News Bureau as her coach, Maid of Cotton Gwin Barnwell got her first instructions as a tractor driver during her recent visit to the Ford plant at Dearborn, Michigan. Turned loose with the new Ford tractor, Miss Barnwell

turned a neat furrow, almost ran down the photographer. Sponsored by the National Cotton Council, Memphis Cotton Carnival and the Cotton Exchanges of Memphis, New York and New Orleans, the Maid of Cotton tour draws to a close late this month.

Colored Baseballers to Play Sweetwater Next

Hamlin Invaders, colored baseball team, continued their winning ways Sunday afternoon when they drubbed the Hamlin Black Indians to the tune of 16 to 2. The locals garnered 11 hits that, coupled with a number of Indian errors, accounted for the top-heavy score. Haskell batters could only connect with two bingles.

Manager Jesse Davis of the Invaders declares probably the best game of the season so far is on tap for Sunday afternoon at the Hamlin city ball park, when a Sweetwater team that has lost only one out of 10 games this season, meets his nine at 3:00 o'clock. The locals have won 11 of 13 games played to date.

Our modern girls have a real problem when they try to buy clothes that reveal and conceal at the one and the same time.

Not What They Wanted.

A law firm sent a member to plead a case in another town. Soon he sent them a telegram: "Justice has triumphed."

They wired back: "Appeal at once."

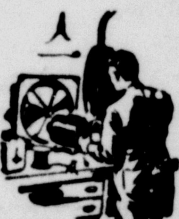

The girl who marries into a wealthy family has one advantage. Her husband will probably never tell her that she can't cook like mother did—because chances are his mother was never a cook.

Four-Week Drive for Bond Sales Underway

Hamlin agencies were this week co-operating in a four-week bond selling campaign to soak up inflationary buying power of the country. The drive will run through July 4 and has no quotas. It will cover all government savings bonds and is described as a stepped-up phase of the treasury's peacetime sales campaign.

Government sources report that the public is cashing E bonds this year faster than they are bought.

Sales of the E series—formerly known as war bonds—are lagging \$486,930,000 behind redemptions for the first five months of the year although aggregate savings bond purchases are ahead of cash-ins.

There is about as much logic in reducing the size of a loaf of bread to save food as there would be in reducing the size of a watch to save time.

A busy man doesn't worry about his age, because he doesn't count his years until he has nothing else to count.

POT-SHOTS FROM McCAULLEY

BY GEO DARDEN

J. A. Jackson, one of McCauley's best loved citizens, passed away at 7:00 p. m. June 6. Funeral services were held at the McCauley Methodist Church, where he had been chairman of the board of stewards for the past 25 years. Mr. Jackson was 76 years, four months and 23 days old at the time of his death. Burial was in the McCauley Cemetery, under direction of Barrow Funeral Home. Mr. Jackson moved to Fisher County from Red River County some 40 years ago. He had been a member of the Methodist Church for 50 years and was a Mason. As a young man he married Mrs. Nannie Parker, who preceded him in death in 1934. In 1937 he married Ann Morris, who survives. He is also survived by one brother, C. G. Jackson of Clarksville, Red River County; two stepsons, J. I. Parker of Fort Worth and Roy Parker of San Antonio; one cousin, W. L. Jackson of Abilene. Five former Methodist pastors of the McCauley church spoke briefly at the funeral services, with Rev. D. A. Doss of Abilene preaching the sermon. The preachers taking part at the services were Rev. W. L. Johnson of Goree, J. R. Bateman of Munday, Rev. Watkins of Rotan, Rev. Silas Dixon of Anson and Rev. C. E. Dick, pastor of the McCauley Baptist Church. Mr. Jackson was loyal to his friends, to his church, his lodge and his community. What more could be said of a good man?

Relatives and friends from out-of-town attending the funeral of J. A. Jackson were Mr. and Mrs. O. A. Hamilton and daughter of Abernathy, Kirk Baxter, wife and children of Lubbock, Mrs. F. A. Short of Abilene, Mrs. W. C. Neal of Abilene, Mr. and Mrs. Kenneth Parker of Hamlin, J. I. Parker of Fort Worth and Leo Parker of Fort Worth and others.

Supper guests in the home of Mr. and Mrs. George Darden last Thursday night were Mr. and Mrs. Jeff Jones of McCauley, Gib Sandefer, candidate for Congress, and Bruce Francis, newspaper reporter from Abilene.

Mr. and Mrs. Leldon Clifton of North Carolina arrived last week for a visit in the home of her parents, Mr. and Mrs. F. L. Rector.

Mr. and Mrs. Melvin Henderson have moved back to McCauley. He is now employed on the new oil well on the J. Ubben place north of town. Melvin was recently discharged from the United States Army. The Hendersons have apartments in the home of Mrs. Lee Hendon.

Sure getting dry in these parts once again; however, most farmers have a good stand of maize and cotton. Wheat harvest is in full swing and grain is turning out better than was expected.

W. W. Miers and family of Lamesa were visitors in the home of his parents, Mr. and Mrs. S. E. Miers, last week.

Mrs. Bill Wicker of Rotan attended the funeral of J. A. Jackson at McCauley last Friday.

Mrs. Tom Nall has returned from a two-week visit with her parents, Mr. and Mrs. J. O. Jones, near Lubbock.

McCauley Colored School closed last Friday. Exercises were held at the McCauley High School Thursday night. A large crowd attended, with about as many white folks present as colored. The program was good, and the teacher, Mrs. Oda Mosley, has done a fine job with the colored children in this community. In fact, her pupils won second place in the state Interscholastic League meet in literary events at Brownwood.

J. O. Jones of Lubbock is visiting in the home of his son, C. D. Jones and family.

Attending the J. A. Jackson funeral were Mrs. C. P. Yates, Mr. and

Mrs. W. H. Pickron and Mrs. Lewis Yates.

House painters wishing to bid on the Masonic hall job may see Rufus Herbst, George Darden or Melvin Hunter.

Mr. and Mrs. J. B. Jayroe and daughter of Rotan were visitors in McCauley last Friday.

"Butch" Lancaster of Lubbock and formerly of this city was buying peaches from McCauley orchards last week.

The Pot-Shots scribe and family will attend a homecoming at Grand Baptist Church next Sunday, Father's Day. Dr. Millard Jenkins, pastor of the Abilene First Baptist Church, is to be guest speaker. Dinner on the ground will be a feature of the all-day program.

Tuesday, June 4, Geneva Carter, daughter of Mr. and Mrs. Glenn Carter, became the bride of James Patton, son of Mr. and Mrs. Pat Patton, in the home of the bridegroom's parents. Mrs. Patton finished McCauley this year and was salutatorian of her class. James has recently been discharged from the U. S. Army. Mr. and Mrs. Patton will make their home on a farm southwest of McCauley.

Mrs. Frank Johnson underwent major surgery in an Abilene hospital last Saturday. We are glad to report her condition as satisfactory. Mr. and Mrs. Wesley Abbott spent last week-end in the home of his mother, Mrs. Marshall Abbott. Their home is San Angelo.

Mrs. Omar Young and daughters of Spur visited last week-end in the home of her parents, Rev. and Mrs. C. E. Dick.

Visitors in the F. L. Rector home last Sunday were Mrs. Jim Ezell of Hamlin and Mr. and Mrs. Cecil Woods.

A birthday party honoring Hoylene Rice on her tenth birthday was given in the home of her grandparents, Mr. and Mrs. Jim Fancher. It was a gay event, with the following little friends present: Wilda Brown, Ira Ella Sue Maberry and Carolyn Ruth Jarnigan of Sylvester, Winnie Fay and Janis Fancher of Fort Worth, Velta and Virginia Carol Gillis, Bobby Kiker and Mary Lou Jarnigan of Roby, Jonell and Ann Maberry of Hamlin, Mary Lou Maberry, Patricia Rector, Palma Jean Lawlis, Patsy Maberry and Charlene Mustain. Also present were Mmes. Ray Maberry, Eula McHone and Luther Maberry. Many nice gifts were received by Miss Hoylene, and a big birthday cake and ice cream were served to the guests.

Visiting relatives at McCauley and a daughter, Mrs. B. L. Smith in Sweetwater, last week were Mr. and Mrs. Rufus Fancher and daughters of Fort Worth.

Due to crop work and difficulties in getting into town during summer months, the Cub Scouts will not meet until school starts again, so states Cubmaster Prather.

Mrs. G. W. Nichols of Lubbock is visiting her daughter, Mrs. Jim Fancher, and husband.

Visiting in the O. T. Hennington home last week-end were their son, Ray Hennington, and wife and a friend, Mrs. E. D. Mosher, the former Nell Jackson, also of San Antonio.

Comment No. 1—Yep, the candidates for governor of Texas seem to be aiming their blows mostly at Homer P. Rainey. Why? Because they well know that he is the man to beat. Rainey got a "bum" deal when he was ousted as president of Texas University. Why was he ousted? Simply because he was a Franklin D. Roosevelt supporter, a dyed-in-the-wool Democrat, and he would not string along with the Texas Regular regents appointed by Coke Stevenson and W. Lee O'Daniel. Yes, the scared boys are all after Mr. Rainey, and the Texas Regular crowd

will circulate rumors of every description to defeat Mr. Rainey. Slurring remarks aimed at Rainey by street corner "gossipers" is propaganda in "gutter" form, laid down and well planned by Texas Regulars and Roosevelt haters. It speaks mightily well of Mr. Rainey's character and ability when the ex-students of Texas University are for him. We would rather have their word than that of Senator Pappy, a Texas senator from Kansas.

Comment No. 2—Latest development in the swift moving campaign of Boyce House for lieutenant governor is withdrawal of Bob Moore, Amarillo and Brownwood publisher from the race, and the announcement of his support of Boyce House. Moore, one of the leading candidates until his withdrawal several days ago, is widely known over the state and would have polled a large vote.

Remember, Boyce House, who has last thrown his hat in the ring for lieutenant governor. This columnist predicted a few months ago that Mr. House would likely get into politics and perhaps in the race for lieutenant governor. He perhaps can call more men by their names than any other man in Texas; knows more about Texas and its needs than perhaps any other man in Texas. He has brains, humor and is not a lawyer. Frankly, we have too many lawyers in politics already. The country will be better off when we voters "retire" a bunch of lawyers from Austin and Washington on July 27. Red tape in government is caused by too many unnecessary laws. We need fewer laws and more teeth in good laws.—A Darden-O-Gram.

Real joy comes not from ease or riches or from the praise of men, but from doing something worthwhile.—Sir Wilfred Grenfell.

It is not the fact that a man has riches which keeps him from the kingdom of heaven, but the fact that riches have him.—Caird.

Pure white map linen, suitable for blouses, baby dresses, handkerchiefs and many other uses.—Carpenter Variety Store. 30-t

VOLUME 41

HAMLIN, JONES COUNTY, TEXAS, FRIDAY, JUNE 14, 1946

NUMBER 32

Carroll No. 2 Looks Good As Producer

COMMISSION GAUGING OF NEW WELL DUE SOON—NEW RIG SET ON BROWN TRACT

Good production of high grade oil is reported this week in the Snowden No. 2 on the R. R. Carroll tract, in the Neinda pool, southwest of Hamlin. Pay was topped in the well at 2,920 feet.

Located as a south offset to the Snowden No. 1 Carroll well, which has been producing nicely for six months, the new well ran 600 feet of free oil last week, and indications are that the well may turn out to be better than the discovery well.

Official gauging by the Texas Railroad Commission was expected to be made this week, operators declared.

G. W. Poe test, about a mile and a half southeast from the Carroll well, was drilling this week at 1,900 feet. It is in wildcat territory, and findings have not run true to form, but this was no indication, drillers said, that the well would not find production. Most production in the area has come from around 2,900 to 3,000 feet.

New steel derrick was being erected this week on the John R. Brown tract, where lease is held by the Graham interests. Well probably will get underway next week, The Herald is informed.

Good Crowd Attending Methodist Church Meet

Good sized crowds have been attending the revival crusade at the First Methodist Church, according to Pastor E. L. Yeats. Services will continue through Sunday evening.

With Rev. R. J. Reynolds of Dallas in charge of the series of evangelistic services that began June 6, stirring gospel preaching and good music have featured the gatherings. Besides doing the preaching Rev. Reynolds has led the singing and rendered special musical numbers during the crusade.

Pastor Yeats announces that Friday evening will be observed as Sunday School night, when teachers and pupils will sit as classes in the auditorium.

Reception of members into the church will feature the Sunday morning services, Rev. Yeats states.

Hamlin Area Citizens Counting Increases in Prices of New Autos

Hamlin area people who have new automobiles on order or are contemplating purchase of new cars soon were counting the increased costs put into effect last week on the machines by manufacturers when OPA allowed raises in price ceilings for 16 makes of new automobiles. The mark-ups ranged from \$33 to \$167 to offset higher costs for steel, other materials and parts.

Increases range from four to eight per cent above last week's ceilings, OPA said, the average being about \$75. Raises apply to cars built by Chrysler, Ford, General Motors, Hudson, Nash, Packard and Studebaker.

In the case of Packard and Studebaker models, last week's increases also compensate for wage boosts granted by these companies. Wage increases of other manufacturers were offset by price hikes of from \$1 to \$60 a car granted in March and April.

Office of Price Administration also hinted at possible further price increases for new cars.

School Men Seek Bids On Building Materials

Superintendent of Schools I. R. Hughinson and School Board Member Ambrose Spencer were in Fort Worth and Dallas first of the week endeavoring to secure bids on materials for the new elementary school building now underway in Northwest Hamlin.

Flooring, steel lathe and other materials were sought.

THIS CZECH LAD GETS HIS ONE MEAL A DAY

This Czech youngster seems to be afraid someone may take away his weak soup and bread crust. It is his one meal for the day. There are millions of others in Europe and Asia who have

not even this meager ration. You can help them from starvation by giving money or food in tin cans to the Emergency Food Collection now being conducted over this country.

EIGHT TEAMS ENTER SOFTBALL LEAGUE STARTING MONDAY

Eight softball teams were entered in a Hamlin league sponsored by the Hamlin Junior Chamber of Commerce when representatives of that many groups met Monday evening at the Hamlin High School building. C. C. Prater, Jaycee president, presided at the gathering.

Four games a week will be played by the league members, it was decided. Monday, Tuesday, Thursday and Friday night games will be started beginning next week. Games will start at 7:30 o'clock.

Practice sessions are being held at the city ball park this week in preparation for the matched games, which will be carried in a league standing. L. B. Howard was appointed as official scorer for the league.

Teams entered are McCaulley, Radium, Flat Top, Celotex, Jaycees, Fire Department, General Crude and Yellowjackets.

Admission to the games, it was announced, will be 15 cents for adults. Children under 10 years of age, accompanied by their parents, will be admitted free. Proceeds from admissions will be used for lighting the field and for softball playing equipment, Prater states.

D. W. Stell At Winters Reunion of Stell Family

D. W. Stell of Hamlin attended the Stell family reunion held at Lipan last week-end at the annual homecoming of the town. Mr. and Mrs. J. T. Stell of Winters, formerly of Stamford, joined Mr. Stell's four brothers and five sisters at the home of their father, T. D. Stell, for the occasion. Among other brothers is A. L. Stell of Anson.

Lieutenant Governor John Lee Smith was speaker at the reunion.

JO ANN McCRARY IS CANDIDATE FOR PLACE IN FESTIVAL

Jo Ann McCrary, 18-year-old daughter of Dr. and Mrs. J. W. McCrary, has been entered by Hamlin Lions Club as candidate for the Texas representative in the Cotton States Jubilee, to be conducted in connection with the Lions International convention at Philadelphia next month.

Dr. McCrary was named last week as local delegate to the convention. Mrs. McCrary and the other daughter, Sue, will attend the Philadelphia confab, leaving Hamlin June 11 by automobile.

The Cotton States Jubilee is being conducted by the 15 cotton producing states as a publicity stunt on the first night of the convention, beginning Tuesday night, July 16, under supervision of the National Cotton Council. Representative queens from the 15 states will present an elaborate pageant before the thousands of attendants at the convention. Other activities will be staged by the group in the Quaker City.

Local Lions Club officials indicated this week that Jo Ann had a good chance of being named Texas' representative. Selection of the queen will be announced this week-end by convention authorities.

32 Students Enrolled at Hamlin Summer School

Thirty-two students have been enrolled for the summer session of school, according to Principal H. R. McLaughlin, who is directing the summer term. Sixteen are taking high school courses and 16 are taking grades work.

Shorthand was added as a new subject last week, when a demand for the business course increased.

Wheat Yield Here Passes 200 Carloads

SHIPMENTS TOTALED 157 CARS WEDNESDAY—PROBABLY 60 TO 80 CARS STORED

Wheat harvest in the Hamlin area is nearly over for 1946. And the "ghost crop" is going to nearly reach the record of 252 cars shipped from the Hamlin center last year. Shipments by four local buyers Wednesday afternoon totaled approximately 157 carloads. Three carloads had been shipped from Tuxedo.

This year's wheat crop is referred to as a ghost crop because what appeared to be seven weeks ago nearly a "fizzle" of a crop brightened up after three good rains and yielded more than 200 carloads. Many of the section's growers two months ago were not planning to put combines in their fields, because the spindly little wheat stalks were burning up under early spring sun's heat. Grazing of fields had already begun in some instances when the rains came.

While actual shipments here totaled only 157 carloads Wednesday, it was estimated by grain buyers and growers that at least 60 to 80 carloads of wheat has been put in storage in the area. Star Inzer, Joe Culbertson, and Bill Matchett told a Herald representative that they had about 20,000 bushels stored. Many other growers had varying quantities stored.

Quality of the wheat this week continued good. Price remained at the \$1.72 per bushel figure established three weeks ago on the local market.

THREE BOYS LEAVE TO PARTICIPATE IN BOYS' STATE EVENT

Three Hamlin boys left Sunday for Austin, where they are participating this week in Boys' State, an intensive training in government, in which about 300 boys from over the state are taking part.

Doyle Dean, Brad Rowland Jr. and Joe Clements are the Hamlin representatives. They went by bus. Expenses of the three local boys are being paid by the American Legion, sponsoring organization, and the Hamlin Lions Club and Hamlin Rotary Club.

Texas boys were organized Monday, when all major state offices were filled by election of representative boys. The group got first-hand experience in operation of our state government.

The trio is expected to return home next Monday.

Landon Davises Have Daughter.

Lieutenant and Mrs. Landon V. Davis Jr. are announcing the birth of a daughter, Louise Katherine, on June 12 at Callan Hospital, Rotan. The little lady weighed six and one-half pounds on arrival. Lieutenant Davis is en route to the Pacific area for duty with the U. S. Army. Grandparents are Mr. and Mrs. Landon V. Davis Sr. and Mr. and Mrs. Buck Wilemon of Hamlin.

REVIVAL LEADERS

Leaders in a summer revival meeting slated to begin at the Hamlin Church of the Nazarene June 20 will be Jack and Ruby Carter, above, of Bethany, Oklahoma. Recognized as evangelists and musicians of note in the denomination, the Carters will hold services at 10:00 a. m. and 8:00 p. m. for 11 days, according to Rev. J. T. Crawford, pastor.

CARTERS TO LEAD IN 10-DAY MEET AT NAZARENE CHURCH

Spiritual gospel messages and inspirational singing will feature a 10-day revival meeting at the Hamlin Church of the Nazarene, beginning next Thursday, June 20, according to local Pastor J. T. Crawford. Jack and Ruby Carter of Bethany, Oklahoma, will lead in the series of services that will continue through Sunday, June 30.

Recognized as evangelists and musicians of outstanding ability in the Nazarene Church, Mr. and Mrs. Carter will lead in services that will be of interest to all people of the community, states Rev. Crawford. Services will be held at 10:00 a. m. and 8:00 p. m. at the church, located two blocks west of Central Avenue.

Rev. Carter has held pastorates in the Church of the Nazarene for several years, his last pastorate being at Elk City, Oklahoma. He gave up pastorate work to devote his entire time to special evangelistic campaigns.

Mrs. Carter will direct the musical program during the meeting. Special musical numbers will be given by the couple.

Hamlin Bank Purchases Wise Chapel Securities

Purchase by the Farmers & Merchants National Bank of Hamlin of outstanding bonds of Wise Chapel Common School District was announced this week by Wise Chapel school authorities. Bonds issued in the district were combined, making the purchase total \$7,800. The securities mature in 1956.

Originally issued as construction and equipment bonds for the brick school four miles southeast of Hamlin, the bonds are secured by property valuations in the district totaling \$139,000.

\$1,000 Goal Set in City's Famine Fund

EMERGENCY FOOD COLLECTION NEEDS IMMEDIATE ACTION SAY DRIVE LEADERS

Quota of \$1,000 cash for the Emergency Food Collection assigned to Hamlin in the current national drive is expected to be raised in short order, according to C. C. Bailey, Hamlin drive chairman.

The drive, designed to relieve the acute famine situation that abounds in European countries and in several other sections of the world, is declared to be one of the most urgent in the history of the world. People are starving by the thousands overseas, and immediate food supplies are sorely needed, state national drive officials.

At a special called meeting of key Hamlin citizens, held Tuesday evening at the F. & M. Bank, it was decided that the drive would be conducted on a free-will offering basis. Hamlin's Rotary and Lions Clubs will take active part in the drive at next week's luncheons. Churches of the town are expected to announce the campaign and take offerings for the local funds at services Sunday.

Tate May, Haskell Carter and Ambrose Spencer compose the central finance committee, and contributions may be handed or mailed to them, Chairman Bailey states.

Business firms of the town are urged to mail sizeable checks without being contacted by workers. Donations of from \$5 to \$25 from business firms will be appreciated, campaign officials state.

Quota of \$1,000 for Hamlin would amount to less than 40 cents per person, but because no active solicitations will be made, many will not contribute, it is pointed out.

Drive is slated to close June 23.

Eisenhower Pleads for Extension of Draft as Pool of Men Shrinks

With the final form of draft extension highly uncertain, General Dwight D. Eisenhower said this week in Washington that "the pool of potential volunteers is drying up" and "selective service must supplement enlistments."

Hamlin area people were contemplating the effect of draft extension would have on the young manpower of the region.

"For this purpose 18 months of service is a fair contribution to ask of any young man," the chief of staff declared. "The security of our own country and continuing peace of our world are worth it. It is far less than we asked of the soldiers who fought to make possible a peaceful world."

Eisenhower prepared his remarks for a broadcast commemorating the second anniversary of the landings in Normandy which he commanded as supreme Allied commander.

Crow Brothers Grocery Adding Storage Space

Workmen were busy this week on a 30 by 50 foot addition at the rear of the Crow Brothers Grocery. The concrete floor was run last week-end and brick walls were going up middle of the week.

The addition will be utilized by the south end grocery in expanding storage facilities.

West Texas Center for Polio Set at Plainview

Representatives from county poliomyelitis chapters meeting last week at Plainview with officials of the National Foundation of Infantile Paralysis, approved a West Texas center of polio to be developed at Plainview.

Forty-four West Texas counties pledged \$12,800 with which to purchase equipment for the center.

A Plaintive, Heart-Touching Appeal Comes to Us from Across the Seas!

"Give us this day our daily bread . . ."

Hamlin section people are familiar with the beseeching words of an age-old prayer that rolls easily from the tongues of millions of Americans.

In other parts of the world today those words or their equivalent tumble not from the lips, but from the hearts, as hungry peoples cry for food.

In Austria, five-month-old black bread is munched on the streets, in stores, in parks, an American Red Cross correspondent abroad reports in a release to The Herald—not because of greed but because Austrians are trying to keep up sufficient strength to get through each day.

All over Europe and in the Far East the spectres of famine and pestilence are daily becoming less shadowy, more of a reality.

President Truman's Famine Emergency Committee, set up in this nation so that Americans may literally help feed the world, said in an April report, "The crisis abroad is more severe than when the committee first met March 1." Utilizing the resources of America as a nation, and with organizations such as the American Red Cross throwing full strength into the feed conservation program, the president's committee is acting now—this very minute—to rush immediate relief to starving peoples abroad.

Folks of the Hamlin area—as well as those of the rest of the country—can have a definite part in the relieving of famine, conservation of wheat and saving of fat are two of the committee's measures which reach most directly into the kitchens of America.

The famine emergency committee says that if every person saves a slice of bread a day, the saving will be some 7,000,000 loaves of bread daily. A million pounds of fat per day can be saved by Americans if every man, woman and school child in the U. S. saves just one teaspoonful.

Chairman Basil O'Connor of the American National Red Cross, member of the president's famine emergency council of the committee, has

pledged the support of his entire organization to the drive for conservation of wheat and elimination of kitchen wastage.

One of the major efforts of the Red Cross in the anti-famine drive is through its nutrition service and nutrition committees in each Red Cross chapter. They will work in their respective communities to assist housewives in saving desperately needed wheat and fats and at the same time maintain adequate health standards for their families.

Give liberally to Hamlin's quota of \$1,000 in the drive. No solicitor will see you—it is your privilege to send or hand your gift to some member of the local committee.

WOMEN

IN THE

NEWS

Barbara Ann Gilkenson Honored at Party

Barbara Ann Gilkenson was honored Monday afternoon at Plasterco with a farewell party. She will leave soon with her parents to make her home at Fort Worth.

Games were played by the young group. Refreshments were served to Patsy Dunn, Nellie Johnson, Linda Wallace, Roy C. Houghton, Patsy Dominey, Eva Wallace, ary Ann Wilbanks, Mary Sue Warnell, Beth Ann Waggoner, Billie Dominey, Dwite Wallace, Sandra Polk, and Duke Waggoner.

Refreshments were ice cream and cookies. Favors were rubber balloons. Several pictures of the group were taken.

Edith Ann Scott and Teacher Attend Camp

Edith Ann Scott and Mrs. Camille Simmons attended the state Future Homemakers of America camp last week at Camp Arrowhead near Hunt, where swimming, hiking, riding, stunts and other recreation were mixed with the work of the group. The Texas group is joining the national organization and will be known as the Future Homemakers of America, Texas Association.

Edith Ann is a student of Hamlin High School, and Mrs. Simmons is home economics instructor in the local school.

State officers were installed Tuesday night with Ray Virginia McCreary of Temple named president for 1946-47. Dr. Hazel Frost, national advisor of FHA from Washington, D. C., was a guest and spoke on our organization.

The Texas Association is raising funds for a state camp. A goal of \$10,000 was set for the year 1945-46. They have raised approximately \$8,000 this year, and by the end of June the total amount is expected. A goal of \$10,000 is set for 1947-47, according to Mrs. Simmons.

Review of 15 Years of Club Work in County

As part of the observance of National Home Demonstration Week, it was requested that a history of Home Demonstration Club work in Jones County be written. As a token of appreciation for the home demonstration work which has meant much to the rural and urban families of the county, the Home Demonstration Council suggested that each club member send a gift of summer clothing to needy families in the Philippines.

In checking past records for getting the history of the work, a news clipping from 1934 revealed that Presentation Atienza and Miss Brodeth from the Philippines had been honor guests of the Jones County Home Demonstration Council. Club members of the county who are addressing the gift packages will note that they are sent to Miss Presentation Atienza, home demonstration agent in the Philippines, who will distribute the clothing. A few highlights of the home demonstration program the past 15 years are given here:

On arriving in Jones County on June 1, 1931, the home demonstration agent found much interest manifested in home demonstration work. Eighteen communities had filed requests with the county judge for clubs in their communities. During the first year, 21 clubs were organized with a total enrollment of 550 members. Sue Bonner was the county home demonstration agent from 1931 until February, 1935.

Jewel Faulkner served as county home demonstration agent from February, 1935, until July, 1936. She was followed by Gladys Martin, who served until November, 1941. Clara Brown Long then took over duties of the office and served through the war years. She resigned in September, 1945, and her place was filled in October by Hannah Nabors, who is now serving as county home demonstration agent.

District agents who have served Jones County as part of their Extension Service district are as follows: Myrtle Murray, Lida Cooper, Maurine Hearn, nad at present Thelma Casey. Tina Stewart, district agent at-large, has been serving recently in Miss Casey's illness.

Some of the demonstrations carried in previous years included the following: Garden, 4-H pantry, clothing or wardrobe, food preservation, home food supply, kitchen improvement and others. Landscaping improvement and living room improvement demonstrations are being carried at the present time.

COTTON QUEEN

Brunet Phoebe Cook, 20-year-old Smith College sophomore, was chosen to reign as queen of the Memphis Cotton Carnival this month. Daughter of Mr. and Mrs. Everett Cook of Memphis, the queen will share her throne with King Vance Norfleet, prominent cotton merchant.

The following women have served in the past as chairman of the County Home Demonstration Council: Mmes. Bert Whaley, J. L. Keen, W. C. McDaniels, Lloyd Sebastain, V. L. Merritt, H. P. Harvey, Dewey Ramsey, Will Myatt, C. D. Bingham and Charley Myatt.

Alathean Class Enjoys Picnic at Moore Lake

Alathean Sunday School Class of the First Baptist Church met at the Moore Lake for the May social and business meeting. Mmes. Bill Deel, Lott Shell and Tom Vaughn were hostesses.

Games were enjoyed, followed by a picnic supper, which was served to Mmes. Carl Young, Charlie Pitcock, P. D. Harkins, Alton Mayfield, Kay Gillispie, A. P. Patterson, D. D. Shelburne, Ben Parker, Charlie Polk, V. Steele, I. R. Huchingson, Thomas D. Ferguson, John Walton, Bill Millhorn, J. T. Hart, LaFoy Patterson, O. G. Harvey, R. A. Crockett and the hostesses.

Breakfast Announces Hudson-Harlow Rites

To announce the engagement and approaching marriage of her sister, Hannah Hudson, to W. L. Browning of Sweetwater, Mrs. J. M. Harlow entertained Sunday morning, June 2, with a breakfast in the Coleman Hotel club room. The couple will be married June 16 at 6:00 o'clock in the morning at the Coleman First Methodist Church.

Miss Hudson is the daughter of Mr. and Mrs. C. D. Hudson of Coleman, former residents of Hamlin, and a granddaughter of Mrs. A. G. Hudson of Hamlin. She is a 1936 graduate of Hamlin High School, and for the past five years has been secretary in the Allen & Allen Insurance Company at Coleman.

Browning is a son of Mr. and Mrs. J. C. Browning of Sweetwater. He is connected with the International Harvester Company in Sweetwater where the couple will live.

June 16 is Father's Day. To The Book Shop for gifts and cards! 1c

Douglas Rankin and Jeraldine Beasley Wed

Douglas Rankin of Eastland, formerly of Hamlin, and Jeraldine Beasley of Anson were married at the bride's home at Anson Monday evening. The ceremony was performed by Rev. J. Henry Littleton of Abilene.

Jeraldine was honored at a gift tea at Anson Saturday afternoon. Among attendants at the tea were Mrs. Troy Austin and Mrs. A. G. Miller of Hamlin.

Carter-Patton Rites Said at McCaulley

Geneva Carter, daughter of Mr. and Mrs. Glenn Carter, and James Patton, son of Mr. and Mrs. Pat Patton of McCaulley, were married Tuesday of last week at the home of the bridegroom's parents.

Mrs. Patton finished McCaulley High School this year and was salutatorian of her class.

James has recently been discharged from the United States Army.

Mr. and Mrs. Patton will make their home on a farm southwest of McCaulley.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

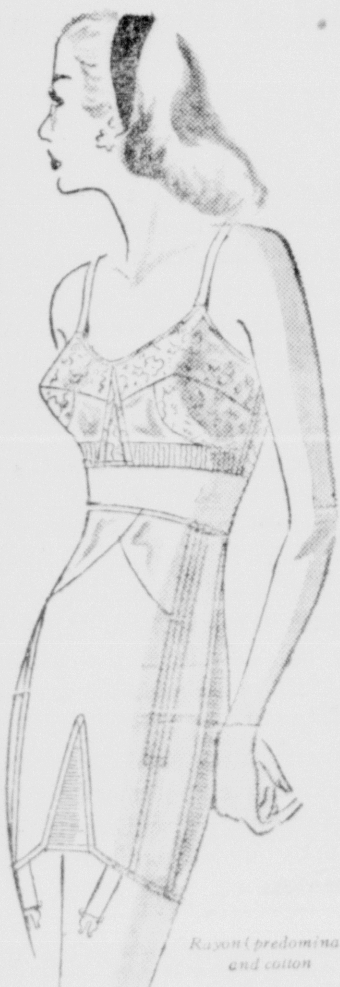

Try Cardui. If it helps, you'll be glad you did.

HEALTH OFFICER OF TEXAS GIVES POINTS IN POLIO CONTROL

While no outbreak of infantile paralysis has been reported in the Hamlin area, Dr. George W. Cox, the health officer, has issued the following statements and suggestions (The Herald concerning the control and prevention of poliomyelitis which is now occurring in certain sections of the state.

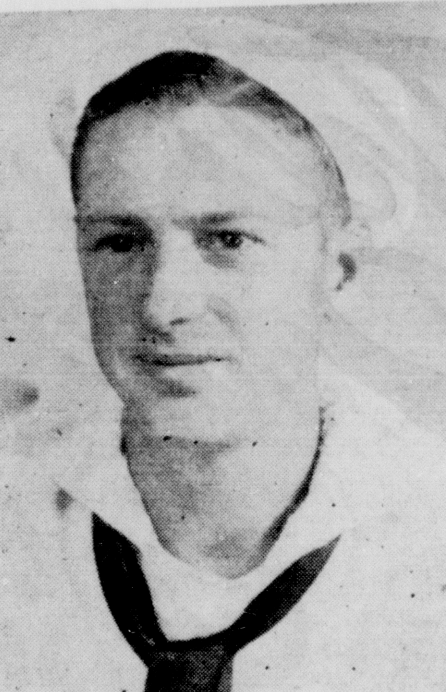

Until recently it was generally believed that this infection is transmitted by means of discharges from the respiratory tract. It is now believed that poliomyelitis may be another one of the several gastro-intestinal infections. Therefore, control measures must include clean-up campaigns and improvements in sanitation.

Strict sanitary measures must be observed in all communities. Stringent efforts should be made to eliminate the house fly and to destroy its breeding places. All mosquitoes and mosquito breeding places must be eliminated at once. Every effort should be made to institute approved garbage collection systems immediately. Safe water supplies must be assured. Where adequate municipal sewage disposal systems are not in operation, it is vitally important to remove and maintain sanitary sewage tanks and outdoor privies.

All swimming pools should, under rigid supervision, maintain the standards approved by the Texas State Department of Health. This necessarily includes maintenance of proper chlorine level. Where such standards are not maintained, these pools should be closed immediately. All raw foods and vegetables should be washed thoroughly before use and protected from flies, filth and insects. All eating and food handling establishments should adhere strictly to the state law concerning the sterilization of dishes and utensils. Those restaurants with insufficient personnel to maintain approved sanitation should close one or two hours a day so that employees can assist in maintaining cleanliness and high sanitary standards.

Every effort should be made to secure approved milk. Rats and mice should be eliminated. Maintain in

OUT OF NAVY NOW

Don J. Meads, above, is another Hamlin boy who is back home after helping to win the war. The son of Mr. and Mrs. E. E. Meads, Dan was in the Navy exactly two years. He spent 21 months overseas. On May 24 he received his discharge at Camp Wallace, Texas.

the home the sanitary standards that are necessary in community life. Particular attention should be paid to personal hygiene. Excreta from cases and contacts should be handled and disinfected with the same scrupulous care as in typhoid fever or bacillary dysentery.

Over-exertion in children should be avoided. Children should not visit homes where there is illness. Polio cases should be quarantined for 14 days, and adults who work in food establishments should be particularly instructed in personal hygiene. It is advisable to reduce to a minimum all human contacts, especially in children, during an outbreak of this disease. It is not advocated that schools, churches and theaters be closed.

Early symptoms of infantile paralysis are headache, fever, vomiting, drowsiness, followed by stiffness in the neck and back. When suspicious symptoms appear a physician should be called immediately.

Hamlin Area Farmers And Ranchers Urged To Save All of Feed

Hamlin area farmers and ranchers are being urged to make every bit of feed produced in the area count for the most this year, in view of the drastic shortage of the feed that exists all over the country.

Half of the feed produced in Texas in 1945, on the basis of total food value, was wasted. That is the contention of G. G. Gibson, dairy specialist of the Texas A. & M. College Extension Service.

In his estimate of lost food value which might be conserved for feeding, Gibson includes such potential crops as fence row Johnson grass, crop residue and bundle feed which is stacked in the open. Rat and weevil damage to stored grain, of course, takes a heavy toll.

Hamlin area feed users are reminded there has never been a year when it is so important not only to produce as much feed as possible, but to save every bit that is produced.

Scientists have developed some excellent raticides recently, but they are still too deadly and too potent to be released generally to the public.

Until these can be made available safely, folks should make the best use of the controls they have at hand. When mixed with attractive feed materials, red squill gives good results with both Alexandrian and Norway rats, those most commonly found in Texas.

Praise, like gold and diamonds, owes its value only to its scarcity.—Samuel Johnson.

SHERIFF'S SALE
The State of Texas, County of Jones:

By virtue of an order of sale issued by order of a judgment decree of the 104th District Court of Jones County, Texas, by the clerk of said court, on the 7th day of May, A. D. 1946, in a certain suit No. 6799, wherein the State of Texas, for itself and in behalf of Jones County, and for the use and benefit of all political subdivisions of said county whose taxes are assessed and collected by the assessor and collector of taxes of said county, is plaintiff, and City of Hamlin and Hamlin Independent School District, both municipal corporations, are intervenors, and Albert Moore is defendant, in favor of the said plaintiff, for the sum of \$250.34, together with interest thereon at the rate of six per cent per annum from date of judgment on first tract, for delinquent state and county ad valorem taxes, together with the legal and total amount of penalties, interest and costs of suit computed thereon, and the foreclosure of plaintiff's delinquent tax liens upon the property hereinafter described as the property of the defendants because of the non-payment of the taxes due thereon within the time and in the manner provided for by law, same being the amount of said judgment rendered in favor of said plaintiff, State of Texas, for itself and in the capacity hereinabove set out, by the said 104th District Court of Jones County, on the 1st day of February, A. D. 1946, and to me directed and delivered as sheriff of said Jones County, I have seized, levied upon and will, on the first Tuesday in July, A. D. 1946, the same being the 2nd day of said month, at the courthouse door of said Jones County, in the City of Anson between the hours of 10:00 o'clock a. m. and 4:00 o'clock p. m. on said day, proceed to sell for cash to the highest bidder all the right, title and interest of said defendant in and to the following described real estate, levied upon as the property of said defendant, the same lying and being situated in the County of Jones and State of Texas, and within the metes and bounds and territorial limits of said political subdivisions, to-wit:

First Tract: Lots 7 and 8, Block 7 of the City of Hamlin, and being the same land as described in a deed from J. M. Patterson to Albert Moore, recorded in Volume 130, Page 440, Deed Records of Jones County, Texas, to which reference is here made or any and all purposes;

Subject, however, to the rights of the defendant, his heirs, assigns or legal representatives, to redeem said property within the time and in the manner provided for by law; subject to the further rights of the defendant to have said property divided and sold in less divisions than the whole and entire tract, as also provided for by law; and in the event there are no bidders, said property will at said sale be bid off to the said State of Texas, for itself and in behalf of Jones County and for the use and benefit of all political subdivisions of said county whose taxes are assessed and collected by the assessor and collector of taxes of said county.—Bill Dunwoody, Sheriff, Jones County, Texas. By E. G. Bartlett, Deputy. Dated at Anson, Texas, this 27th day of May, A. D. 1946. 30-3c

BILL BURNETT, Manager

It Seems Like Yesterday

It seems like yesterday that Nancy was playing with dolls. Now she's pushing her own baby carriage. Yes, there've been a lot of changes in the last fifteen years—most of them so gradual we hardly noticed them at all.

Nancy didn't grow up all at once. A tooth at a time—a curl at a time—an inch at a time—and suddenly a little kid sister was Mrs. Joe Jones, mother of Joe, Junior.

Like Nancy, the use of electricity has grown a lot in the last fifteen years. But the price of electricity has been going down steadily. You may not have noticed it because your bill may be about the same—but how many appliances have you added to your home since 1931? Actually, you're getting twice as much electricity for your money now as then.

Keeping electric service plentiful and cheap through years of rising costs was not easy. That today's electricity is at its very lowest price in history is a tribute to the hard work and experience of the men and women in the industry, and to its sound business management.

West Texas Utilities Company

NEED FOR DRIVING INSTRUCTION FELT AS ACCIDENTS RISE

The Grim Reaper continues to like the kids, and the stark evidence of his activity may be seen everywhere as year after year statistics shows that drivers in the age group 16 to 21 kill and maim more people than drivers in any other classification.

"But there is definitely an answer to this shocking situation," according to Harold R. Danford, educational director of the National Conservation Bureau, accident prevention division of the Association of Casualty and Surety Executives, in a special release to The Herald.

"Traffic safety specialists are quite positive—and they speak from many years of experience—that if parents and teachers throughout the country insist that every high school student must take a course in driver education, the problem of teen-age auto accidents would be well along the way toward a solution."

Mr. Danford, himself an educator of many years' experience, has visited every state in the country speaking before educational authorities on the need for safe driving courses in the high schools.

"If drivers were as careful in operating autos as engineers are in designing cars and highways, there would be fewer traffic accidents, for it is common knowledge that more than 85 per cent of all such mishaps on the streets and highways are caused by errors of judgment, lack of skill and other faults of drivers which can be greatly improved by tested educational methods, Danford continued.

"It is not only the fact that teenagers are the worst traffic offenders each year that makes the situation so crucial," he went on, "but that there are about 1,000,000 new young drivers taking to the highways every year to potentially increase this already great hazard. If all high school boys and girls could be trained in correct driving practices, obviously it would not be many years until virtually every driver on the road would know what he was doing.

"Several studies made in various parts of the country where driver education has been a part of the school program for several years or more show conclusively that the trained student is involved in many less accidents, arrests and reprimands than the untrained driver of the same age bracket. The U. S. Army has known this fact since 1942 and early in the war set up a comprehensive training course for all those who were responsible for the safe and efficient operation of motor vehicles.

"The automobile has taken its place among the foremost necessities of contemporary life—but at what cost! Nearly 400,000 persons killed, 11,000,000 injured and many millions in dollars lost during the last 10 years. It is a blessing that can be used and enjoyed without paying this unnecessary price. We cannot help attain this desirable goal by establishing universal driver training."

A headquarters admiral, informed a case of beri-beri had been discovered on Palau, was asked what to do with it. He wired: "Give it to the Marines—they'll drink anything!"

Few persons have sufficient wisdom to prefer censure, which is useful, to praise which deceives them.—Rochefoucauld.

LEGION'S PROJECT FOR AMERICANISM FAR REACHING TASK

Hamlin American Legion post is cooperating in the campaign of the National Americanism endowment fund to raise \$450,000 in Texas, as the opening of a \$15,000,000 nationwide drive to support an expanded program of public welfare and education in the fundamental principles of constitutional Americanism. A quota of \$1,098 has been assigned the three Legion posts in Jones County, according to Joe L. Culbertson, county chairman. Culbertson is commander of the Keefer-Patterson Post at Hamlin.

In speaking of the importance of the Americanism program in this country, Courtney Terrett, famous war correspondent, had these comments to make avoring the movement:

"Americanism, I discovered (or rather, re-discovered, for like most of us, I had got it out of my schooling in American history served as a gigantic sandwich in which the good meat was rendered tasteless by the requirement to memorize dates and Robert's rules of order) was merely the code of living I had learned at home—painlessly.

"It was a code of self-reliance, obedience to laws freely voted and an implied responsibility for my fellow man.

"If that could be made the testament of all Americans—a living testament, exemplified day by day—it might be possible to persuade the other 1,200,000,000 human inhabitants of this world that peace—not war—is the ultimate answer to our existence.

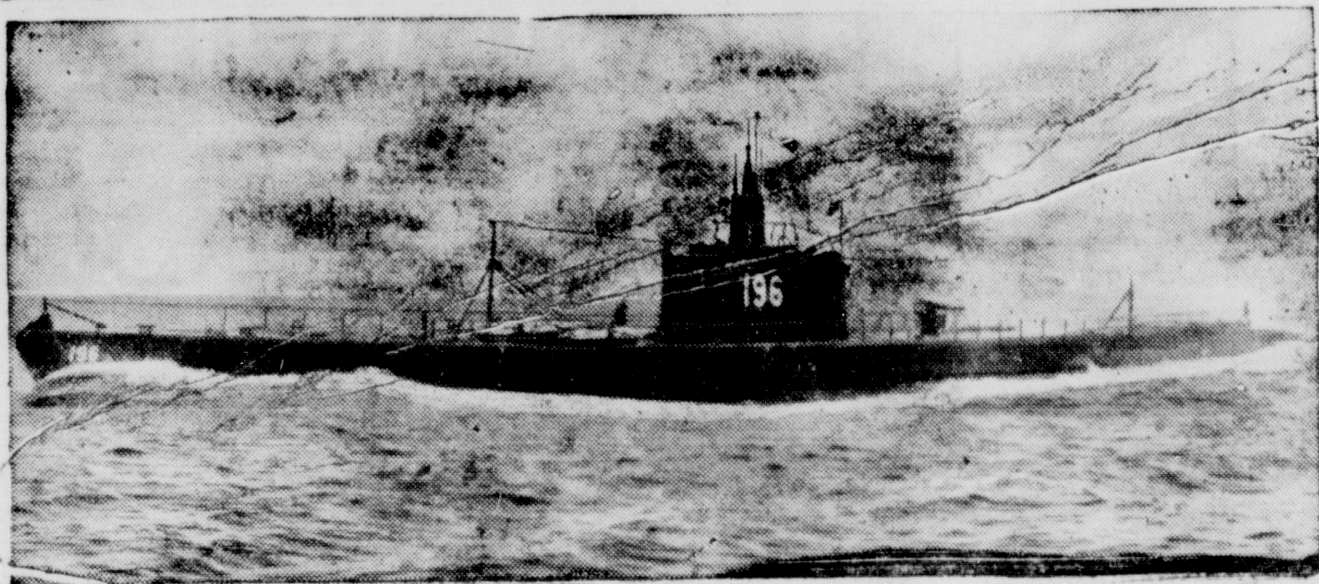

There still are a lot of cheap people in this high priced world.

THIS AGING SUB WILL BE USED AS TARGET IN BOMBING TESTS

At Cavite, Philippine Islands, when the Japanese struck Pearl Harbor, the submarine U. S. S. Scaven, above, is slated to be one of the vessels to be used as

targets in the atomic bomb tests in Bikini Atoll, tiny islet in the Marshall Island group, soon. She completed 13 war patrols, sank an estimated 66,000 tons of Jap

shipping and damaged an additional 10,000 tons. The veteran submarine also participated in numerous rescues at sea during the second World War.

SEEKS CONGRESS JOB

Seventh candidate to file for a place on the ticket for Congress of the 17th District was Gib Sandefer, above, of Breckenridge. Son of the late president J. D. Sandefer of Hardin-Simmons University, Abilene, Gib has been a rancher and oil operator for several years. The Herald presented his formal announcement last week.

Spring House Cleaning By Communities Will Further State Health

A good old fashioned spring house cleaning in Hamlin and other communities in Texas would do a great deal toward furthering good health in this state, according to Dr. George W. Cox, state health officer, who said in Austin this week, "From a practical standpoint the old adage that 'Cleanliness is next to Godliness' is still well worth emphasizing."

A general clean-up program of state-wide proportions with the objective of bettering health conditions for our citizenship should include surface cleaning, drainage, the grading of streets and alleys, the cleaning of all parks and playgrounds and the clearing of weeds and rubbish off of vacant lots.

"The destruction of mosquito breeding places and rat harborage, proper disposal of garbage and trash and the general cleaning up of all premises will be," said Dr. Cox, "of inestimable value in helping to keep down summer health hazards such as dysentery, typhoid and poliomyelitis. Good community housekeeping and ordinary sanitary measures require the prompt removal of all waste matter in and around yards and homes in order to abate the danger of such diseases, and insure good health protection throughout the state."

Dr. Cox stressed the fact that many dangerous diseases are filthy-borne, and the only possible way to control them is to eliminate the unsanitary conditions responsible for their spread.

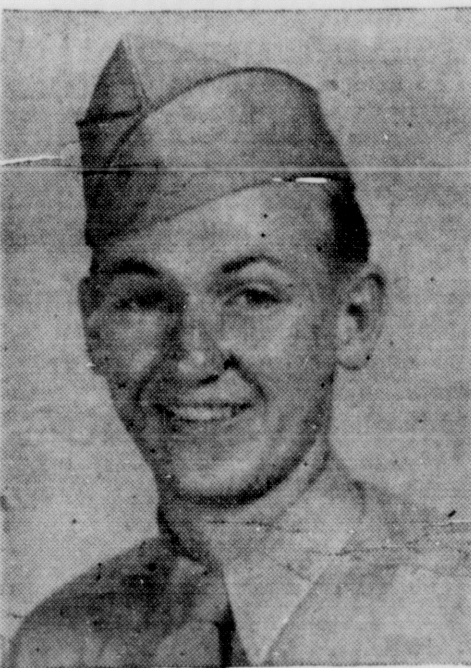

Beryl Mae Travis and Earlene Johnson accompanied Mrs. Gus Travis to Nocona last week-end, and went on to Gainesville to visit with relatives and friends.

When you go to a hotel for a change and rest nowadays, the bell-boys get the change and the hotel gets the rest.

A person's emotions can be judged better from his mouth than from his eyes.

Nervous and mental diseases constitute 12 per cent of all illnesses.

TAKES AIR TRAINING

Now at Geiger Field, Spokane, Washington, taking training as an aviation engineer of the Army Air Forces is Private Thomas S. Johnson, above, son of Mr. and Mrs. C. W. Johnson of Celotex. Thomas is a 1945 graduate of Hamlin High School.

Compromise Teen Age Draft Bill Being Studied

A plan to permit the induction of 18-year-olds but to prohibit their use overseas was offered this week in Washington by Representative Sparkman of Alabama as a compromise to break the Senate-House deadlock over extension of the draft law.

Sparkman, Democratic whip of the House, said his proposal would permit draft boards to continue to induct 18-year-olds but would prohibit the Army and Navy from using them as overseas replacements, unless they volunteer, before they are 19.

BREAD RATIONING HLED UNLIKELY BY FOOD AUTHORITIES

Hamlin area people, little disturbed by the possibility of bread rationing that had been talked for several weeks, found comfort for what fears they might have had of rationing this week when food officials announced that they were optimistic that bread will not be rationed, though the possibility was not wholly ruled out.

Economic Stabilizer Chester M. Bowles disclosed that he had talked to Department of Agriculture officials in Washington about the possibility of rationing bread, but not

including—the consumer. He told reporters later that nothing had been decided definitely and that it may not be necessary.

OPA officials said that so far as they knew no actual program had been worked out, even tentatively and subject to later decision on whether to put it into effect.

Mr. and Mrs. Robert L. Fowler of Rawlins, Wyoming, were recent visitors in Hamlin with their parents, Mr. and Mrs. P. A. Fowler and Mr. and Mrs. R. G. Riddle. They will soon make their home at Roswell, New Mexico.

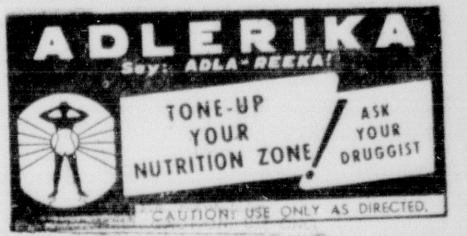

Nowadays it isn't a question of whether or not the train is on time. It is just a matter of whether or not it is going in the right direction.

Acid Indigestion

Relieved in 5 minutes or double your money back

When excess stomach acid causes painful, suffocating gas, sour stomach and heartburn, doctors usually prescribe the fastest-acting medicines known, for symptomatic relief—medicines like those in Bell-ana Tablets. No laxative. Bell-ana brings comfort in a jiffy or double your money back on return of bottle to us. 25¢ at all druggists.

Mrs. W. H. Gilbert is taking a vacation, driving up to Ann Arbor, Michigan, to visit her daughter, Edwina Gilbert, who expects to receive a Master's degree in August. A sister, Mrs. J. A. Morris, is also visiting there, and the two will then go on to Vermont to visit with her daughter, Mrs. Penzenick. They will be joined by Miss Choy of Abilene, who is entering Ann Arbor University this summer, and Miss Wylie of Dallas, who will make the trip. They will be away about three weeks.

STAMFORD REUNION TO FEATURE CHUCK WAGONS OF AREA

Those attending the sixteenth annual show of the Texas Cowboy Reunion, to be held in Stamford on July 2, 3 and 4, are assured of witnessing the finest rodeo performance and of having lots of fun and plenty to eat.

One of the most unique features of the Texas Cowboy Reunion is the chuck wagon camp. After the spring round-up and branding are finished bosses and cowboys load up the old chuck wagon and head for Stamford and the Texas Cowboy Reunion as a sort of vacation. There the ranch hands set up camp on a special reservation provided for that purpose. They eat at the chuck wagon, compete in the cowboy rodeo and take in the other attractions of the annual celebration.

R. G. Bowdry, chairman of visiting chuck wagons, announced this week that all ranches are invited to bring their wagons. All provisions, including groceries and meats, are furnished without charge to all the wagons after their reach the reunion grounds, providing that they have notified the chairman of their intention to attend. Visitors have the privilege of buying meals at these ranch chuck wagons and of visiting and mingling in the chuck wagon camp.

Trouble with most politicians is that they build their fences so high they can't get over them.

JANE WINKLES, COUNTY 4-H CLUB GIRL, TELLS OF TRIP TO STATE PLANNING MEET

Following is a story of the A. & M. Conference of 4-H Club boys and girls attended recently by Jane Winkles of Lueders. Jane was one of 12 boys and girls of Texas attending the conference to plan a training program for the summer for 4-H Clubbers for this year.

My trip to Texas A. & M. College, College Station, was very exciting and educational. I think that all six of the girls and the six boys who were sent had just as nice time as I.

I made the trip with Miss Hannah Nabors, my home demonstration agent, and we arrived at College Station about 5:30 Sunday afternoon. We had rooms at the Aggie-land Inn. I met two other girls, Dorothy Dueterhoft of Rosenberg and Anita Ruthardt of Amarillo. We three had dinner together and went to a movie afterward.

Monday morning Miss Nabors and I were ready to go to work. Dorothy, Anita and I all attended the meetings. With six 4-H Club boys and six girls, we planned for our short course this summer, and decided to call it the "Roundup."

W. N. Williamson, district agent, Alice Wheatly and W. A. Ruhmann, assistant 4-H Club specialists, and a few other agents took 12 of us to a drug store for cokes, and then we rode around over the A. & M. College campus until noon.

After having lunch in the Aggie-land Inn with Anita and Dorothy, we went back to our work and finished our planning. About 3:00 o'clock we finished all we could do for the day. Afterward, Anita Dorothy and I went over to Miss Wheatly's office with several other girls and visited around. We took some pictures also.

Monday night Miss Wheatly and some of the other agents took all the boys and girls to see the retreat. After seeing this we had dinner at the Aggie-land Inn. We visited the main building there in College Station. We saw many modern machines which included mimeographs, calculating machines, addressograph, etc. Following a special dinner we went to Bryan and saw a movie.

Tuesday morning Anita, Dorothy and I were up bright and early. We ate breakfast and Miss Wheatly came by and Dorothy, Gerald, Corky and I went to the broadcasting room and made a record about our work in 4-H Club work and our 4-H Roundup this coming summer.

We rode back to our regular meeting room and discussed our program. I told the adults all about our entertainment Monday night.

On the return trip we spent the night in the Roosevelt Hotel in Waco. While we were there we rode around and saw Baylor University and other places of interest.

Wednesday morning we checked out and left for Anson.

Good at Deducing.

"I shall now test your powers of deduction," said the professor of logic to his class. "If beans are 20 cents a pound, butter goes up a dime, four per cent of next month's coffee is flat, and my dog runs away, how old am I?"

"You're just 48, sir," promptly replied a beetle-browed youth in the back.

"Excellent," cried the professor. "Now tell us how you deducted the correct answer."

"Simple," was the reply. "I've got a brother who's 24 and he's only half nuts."

The "abundant life" which Jesus desired to bring is to be had by the sincere application of his gospel to life.—Rev. Benjamin L. DuVal.

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out. Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance. The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

EVANGELIST SAYS TOWN BRAGGING IS GOOD CLUB HABIT

"It's a good habit to brag on your home community," declared Rev. J. Kennedy of Dallas, told Hamlin Lions Club members and guests at the weekly luncheon of the civic group in the Morgan Hotel Tuesday noon. "Just such organizations as the Lions and other civic groups are places where one's town is boosted in a concerted way, and I enjoy my meeting with such groupsp all over the country," the speaker declared. Rev. Kennedy is leading in the vival crusade underway at the First Methodist Church in Hamlin. He was guest at the Lions Club of Dr. W. McCrary, acquaintance of a quarter of a century. "Just a Song at Twilight" and "Drink to Me Only with Thine Eyes" were rendered as impromptu solos by the talented evangelist. Mrs. McCrary accompanied him at the piano. Attendance at the summer camp members of the Lions Club sponsored Boy Scout troop was announced President Art Carmichael. Entry Jo Ann McCrary as candidate for Texas' representative in the Cotton States Jubilee at the Lions International convention at Philadelphia next month also was announced. Curtis McElhaneey of New Orleans is a guest of the club.

INDEPENDENTS WIN OVER ROSCOE 25-5 IN SUNDAY GAME

Roscoe baseballers were drubbed Sunday afternoon by the Hamlin Independents to the tune of 25 to 5 before a good sized crowd. The tilt was played at the city ball park.

Fifteen hits and a flock of errors by the Nolan County boys accounted for the scoring spree by the locals. A home run with two teammates on the bags helped the tally situation, too, when Leslie Cowan lobbed one over the left field wall.

Miles, who started the tossing chores for Hamlin, allowed three hits and chalked up seven strike-outs in six innings. Black, who pitched the remainder of the game, allowed three bingles and turned in two strike-outs.

Box score of Sunday's game:

Roscoe—	AB	R	H
Neimeyer, ss.....	3	0	0
Lehmann, 3b.....	3	2	1
Broadwell, 2b.....	4	1	1
Beasley, c.....	4	0	1
Clayton, 1b.....	4	1	1
Lehmann, rf.....	4	0	1
Williamson, cf.....	3	1	0
Haynes, lf.....	3	0	1
Emerson, p.....	3	0	0
Totals.....	31	5	6
Hamlin—	AB	R	H
Barnett, ss.....	5	3	1
Snyder, cf.....	3	1	1
Howard, c.....	3	2	1
Weaver, 2b.....	3	3	1
Black, p.....	1	0	0

Detroit Man Named as Head of Rotary Group

At the thirty-seventh convention of Rotary International held last week at Atlantic City, New Jersey, delegates representing 5,800 Rotary Clubs with a membership of 275,000 business and professional executives in 72 different countries, elected Richard C. Hedke of Detroit, Michigan, as president of that service organization for 1946-47.

Tom Teague, Hamlin merchant, president-elect of Hamlin Rotary Club, attended the convention. With Mrs. Teague, they are expected home this week-end. They went on to New York and other markets before starting for home.

HERE'S WAY TO BUILD UP RED BLOOD to get more STRENGTH

if you lack BLOOD-IRON!
You girls and women who suffer so from simple anemia that you are pale, feel tired, weak, "dragged out"—this may be due to lack of iron in the blood.
So start right away—try Lydia E. Pinkham's TABLETS—one of the best and quickest home ways to help build up red blood to get more strength and energy—in such cases. Pinkham's Tablets are one of the greatest blood-iron tonics you can buy. Just try them for 30 days—then see if you, too, don't remarkably benefit. All drugstores.

NO MORE BACKBREAKING DIGGING!

JUST SPRAY WEEDS AWAY WITH WEED-NO-MORE!

Sensation of 1946

\$1.00 RIDES YOUR LAWN OF UGLY WEEDS!
Amazing new weed-killer made by **SHERWIN-WILLIAMS** kills lawn weeds in one application without harming common lawn grasses.

WEED-NO-MORE

MAGIC WEED KILLER

Weed without work? Yes, sensational new Weed-No-More makes backbreaking weeding only a memory! One quick, easy spraying penetrates to the roots, brings sure death to dandelions, plantain, poison ivy, poison oak, chickweed, ragweed, docks, and most other weeds... all those ugly-looking blemishes that spoil the looks of your lawn!
Easy to use? It's simplicity itself! Just dilute Weed-No-More with plain water and spray on your lawn with any ordinary spray equipment. Or use the old watering can!
Safe? Of course! Weed-No-More will absolutely not harm common grass or soil when used according to directions on the package.

ROCKWELL BROTHERS LUMBER CO.

PRATER RENAMED JAYCEE PRESIDENT AT MONDAY MEET

C. C. Prater, clerk in the Hamlin post office, was elected permanent president of Hamlin Junior Chamber of Commerce Monday evening when the civic group met in the high school building for permanent organization. Prater was named temporary president in March when the Jaycees were first assembled.

Other officers named at the Monday evening session were: Bill Burnett, first vice president; Bill Shira, second vice president; Pat Marlow, secretary-treasurer; and Don Gould, state representative. Marlow replaces Herman Treadwell in the scribe position. Five directors were named at the session.

Discussion of weekly luncheon meetings for the Jaycees was conducted, and a committee is endeavoring to find accommodations for such gatherings, states Prater.

Charter for the Hamlin Junior Chamber of Commerce was presented. Prater in ceremonies at Abilene May 15. Initiation fee of \$3 is being charged. Nearly 50 memberships are reported to date by Jaycee officials.

We should examine ourselves and learn what is the affection and purpose of the heart, for in this way only can we learn what we honestly are.—Mary Baker Eddy.

Some natures are too good to be spoiled by praise, and wherever the vein of thought reaches down into the profound, there is no danger from vanity.—Emerson.

Look upon every day as the whole of life, not merely as a section; and enjoy and improve the present without wishing, through haste, to rush on to another.

Two ages of men: When he wants to be faithful and isn't, and when he wants to be faithless and can't.

For Sheriff

LEONARD G. BARNES

For Commissioner, Precinct No. 1:

W. H. (HOSS) BARTON

For Commissioner, Precinct No. 2:

E. C. WALDROP
D. I. (IKE) WEST

STARVING EUROPEANS LOOK TO AMERICA

Two starving Czechoslovakians, too weak to walk without the aid of canes, look toward America for help—immediate help—to save them from death.

You have a chance to aid them and millions like them in famine stricken countries. Give money or food in tin cans to the Emergency Food Collection.

Farm Income for April Shows Unusual Increase

A 50 per cent increase in Texas farm income in April over April a year ago was reported this week by the Bureau of Business Research at Austin.

Jones County farmers registered thousands of dollars greater income this year than they experienced last year.

Income of Texas farmers was approximately \$86,000,000 for the month, more than three times greater than for the average pre-war month (1935-39).

Higher prices and greater volume marketings combined to bring about the upturn, the bureau said.

Six Scouts from Lions Troop Attending Camp

Six members of Boy Scout Troop No. 43 are attending a week's session of the Chisholm Trail Council Camp this week at Camp Tonkawa, near Buffalo Gap. They were taken to the council camp Sunday afternoon by Art Carmichael, who will return for them Saturday afternoon.

The boys, members of a Hamlin Lions Club troop, are Jimmy Ma-berry, Joe Allen Dean, Charles Binnicker, W. L. Fletcher Jr., Robert Bonner and Donald Green.

The six were left in charge of the Scoutmaster of an Albany troop, and were taking part in camp activities as a member of that troop.

Thomas Johnson Begins Aviation Engineer Tilt

Private Thomas S. Johnson, son of Mr. and Mrs. C. W. Johnson of Celotex, has begun training as an aviation engineer of the Army Air Forces at Geiger Field, Spokane, Washington, according to word received this week from Colonel Eric Dougan, commanding officer.

A 1945 graduate of Hamlin High School, Thomas entered the service January 22. He took preliminary training at San Antonio and Biloxi, Mississippi.

Many skilled subjects taught at the AAF Aviation Engineer School, such as repair and operations of automotive equipment, tractors and graders used in airport and highway construction, should prove of inestimable value as a future civilian occupation, Army officials state. Drafting, surveying and carpentry are some of the other subjects taught at the engineer training school.

JUNE 30 **A BIG DATE FOR ARMY MEN!**

If you have been discharged from the Army—if you held a grade and wish to retain it—if you have dependents—then act now. . . . June 30, 1946, is the last day on which you can enlist in the Regular Army and still take advantage of two important benefits . . . retention of your old grade and family allowances.

Family allowances for your dependents will be continued throughout your enlistment only if you enter the Regular Army before July 1, 1946.

If you have been discharged from the Army and wish to re-enlist at your old grade, you must enlist within 90 days after your discharge. And before July 1, 1946. Think it over. Act now.

"Okay, just so the engine's OIL-PLATED!"

"This one is . . . and you're 101% right," the car salesman agrees. He goes on to explain, "We want this car to show you real engine endurance—which means the least carbon, sludge, and upkeep you can have. That's goodwill for us. And all it takes to keep your engine's insides OIL-PLATED is Conoco Nth motor oil . . . Say, this time you're figuring to treat your new car right!" . . .

Many of the oldest cars, too, are being kept in the running by having their engines OIL-PLATED. This internal wear-fighter—OIL-PLATING—is created by magnet-like action. That comes from Conoco Nth oil's added ingredient—surfacing your engine's insides with durable OIL-PLATING. There's your barrier against lots of wear. You can have it in any car—any model or year—by driving around to Your Conoco Mileage Merchant's station. You'll get your correct grade of Conoco Nth oil—and an OIL-PLATED engine. Entered at the Post Office at Hamlin, Texas, for transmission through the mails as Second Class Matter, according to an Act of Congress, March 3, 1879.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

WE ARE PROUD OF HAMLIN'S LAKES

Hamlin's three lakes got good drinks in recent weeks. Both the old lakes west of town caught several inches of water, while the new lake south of town registered a rise of about two feet, which amounted to several million gallons of water. Water supply for this northwest Jones County metropolis is assured for months to come.

With neighboring towns registering water shortages several weeks ago, we were made to realize the value of our reservoirs. Stamford's water supply ran so low recently that the city called on Abilene for relief, which call the Taylor County city answered in a neighborly fashion—the second or third time within the last several years.

Not only are the present needs for water supplied in the three city lakes near Hamlin, but provision for nominal city growth for years to come has been arranged for. Every time other cities experience water shortages we are prone to pat ourselves on the back for foresightedness in building ample lake facilities.

And water for domestic use is not all. The fish stories sound mighty good coming from the three lakes.

COTTON PRODUCTION IN 1946 NEEDED

Cotton offers Texas its chief hope for increased production of feeds critically needed by livestock in 1946, according to the Texas cotton production committee. Hamlin area farmers are putting maximum acreages in the ground this spring.

Prospective plantings of other major feed crops in Texas for 1946, compared with 1945, indicate reductions of eight per cent in corn, 10 per cent in all sorghums, five per cent in oats, 10 per cent in peanuts and six per cent in all tame hay, according to the U. S. Department of Agriculture.

"Increased cotton acreage and production can do much to offset these decreases in feed crop plantings by supplying more cottonseed meal, cake and hulls for livestock on Texas farms and ranches," the committee pointed out. "There is still time to plant more cotton acreage in many sections, and plenty of time in all sections to follow the seven-step Extension Service program which will help to increase the yield per acre and supply of cottonseed feed products, cottonseed oil and other needed fiber and seed products."

With present prices of lint and cottonseed, and the acute demand for their products, assuring a large value per acre for the 1946 crop if yields are favorable, it will pay Hamlin area farmers to follow clean crop plans, reduce insect damage and follow other practices that increase yields, the committee asserts.

"Texas farm income and feed supply in 1946 depend to a large extent upon the cotton crop now being produced," said the committee's report, "and everything that can be done to increase production will benefit cotton producers, livestock raisers and the state as a whole."

STARVATION CAN BREED ANOTHER WAR

The Emergency Food Collection on behalf of United Nations Relief and Rehabilitation Administration gives each of us the privilege of contributing money, food in tin cans, or both, to the people of starving and war-mangled countries.

It is a privilege, and from a common-sense viewpoint it is imperative. Those who somehow survive a long period of starvation become warped, not only in body. The old will die, mercifully for them; but the young will struggle to live, filling their bloated stomachs with grass, roots, garbage, anything. In order to live they will lie, steal or murder, for self-preservation is a primal law.

It is to the young that we look for world peace, unity and orderly government; but people who have always been hungry are not interested in ideals. Eventually they will be interested in another war. If we feed those who now starve we may well be protecting our own children and grandchildren from the burning bombs, the shattering guns, the slow or sudden death.

Look at it another way: If you have never seen a starving child, imagine one. Then look at the child you love. Will the contrast help you sleep nights?

Centuries ago it was ordered by a compassion that knew neither race, creed or color, "Feed my lambs." Can we afford to ignore this plea knowing we are all children of God?

Give in His name—in the name of all humanity!

WHAT CONTEMPORARIES ARE SAYING

HOSPITAL ISSUE REJECTED BUT NOT DEAD

Voters Saturday turned down the proposal to burden themselves with a county hospital, for the time being at least. Under the law the proposition could be submitted again after the expiration of 12 months. And that may happen.

Success or failure at that time would hinge greatly upon what happens in the meantime. Passage of a bill now pending in Congress to make available huge sums of money on a match-fund basis for setting up rural hospitals would have a decided bearing on the outcome of the new election.

The closeness of the results—the issue was defeated by only 38 votes—makes it obvious that many people want more hospital facilities or are dissatisfied with those that are available. Unless these conditions are remedied you may rest assured that the proposition will be submitted again and probably will carry.

Hamlin plans to let contract this month on the first unit of their cooperative hospital. This should alleviate the situation considerably in that area. The Stamford Sanitarium has indicated that it plans an expansion program as has also Hendricks Memorial Hospital in Abilene. These actions will have a definite bearing on the outcome a year hence.

With the end of the war and the gradual return of doctors and nurses to civilian life, hospital service can be improved a lot and that source of dissatisfaction eliminated.

All of this discontent, we believe, must be appeased before a county hospital is to be forestalled at a future election.—Stamford American.

Met a fellow in the big city recently, whom we hadn't seen in ages. Had a difficult time recalling his name until he said we had slept in adjoining pews in the same church for 10 years.

It is one of the beautiful compensations of life that no man can sincerely try to help another without helping himself.—Bailey.

MRS. TATE MAY AWARDED KEETER MEDAL FOR SERVICE TO HARDIN-SIMMONS DRIVE

Mrs. Tate May of Hamlin was presented the John J. Keeter Jr. award in commencement exercises of Hardin-Simmons University, Abilene, Monday morning. The award is given each year to the man or woman ex-student or alumnus rendering the most outstanding service to the university during the past year.

In connection with the presentation, the Abilene Reporter-News had this to say Monday:

"If Mila has a hobby, it must surely be her love for young people and her ability to lead them," said a fellow townsman of Mrs. Tate May of Hamlin. Yet another asserted that Mrs. May's outstanding characteristic was her cheerful efficiency and the tenacity to see a job well done.

Certainly this year's recipient of the John J. Keeter Memorial Medal given through the Ex-Students Association of Hardin-Simmons University to an alumnus on the basis of character, meritorious achievement and service to the school, is a capable leader and a most gracious hostess. This medal is given annually by Mr. and Mrs. John J. Keeter of Throckmorton in the memory of their son, Lieutenant John J. Keeter Jr., a former student of H-SU who was among H-SU exes paying the supreme sacrifice in the recent world war. The award was presented Mrs. May for her outstanding part among alumni and ex-students at Hamlin during the past year. There was unusually strong response from her group to the university's building program.

This same ability had previously been reflected through Mrs. May's organizational work with the young people of her own local church. "Mrs. May is most versatile, but her chief interest is her church work," said Ted Russell, Hamlin banker and close friend of the May family. A member of the First Baptist Church of Hamlin, she is young people's leader in the Sunday School and the missionary organizations of the church.

Her religious interests, however, have not been confined to her own local church. Being a student herself, and a firm believer in an extended missionary program, Mrs.

May is both the associational and the district chairman of mission study work. It is her duty to foster the reading of mission literature and biographies throughout the Baptist churches of the 12 counties under her jurisdiction.

She is also a keen student of civic affairs and an active member of the Hamlin Literary Club, for which she is now serving as program chairman.

Coming to Hamlin as a teacher and three years later marrying Tate May, who is now president of the Farmers & Merchants National Bank, Mrs. May proved her studious nature by securing her B. S. degree from Hardin-Simmons University in 1940. Her previous work had been done in Texas University before her marriage.

She and Mr. May have one son, James Tate, who has recently returned from military service in the European theater of operations.

Celotex Buys 160-Acre Tract Near Longworth

Holdings of the Celotex Corporation, processors of gypsum products at Celotex and Longworth, were expanded last week to 1,783 acres, according to Manager John O. Lewis. Ample raw products for many years of operation are assured in the recent acquisition.

One hundred sixty acres were purchased recently from the E. L. Bartlett tract near the open pit mines of the company at Longworth, where gypsum is mined and shipped to the processing plant at Celotex.

BUFORD JENNINGS IN CONSTABULARY POLICING GERMANY

Private First Class Buford E. Jennings of Hamlin is now serving with the U. S. Constabulary, the new, all mobile, security striking force which will soon be policing the entire American zones in Germany and Austria.

Private First Class Jennings, whose mother, Mrs. Anna May Jennings, resides on Route 1, now wears the distinctive uniform of the constabulary which is an integral part of the Third Army, the only remaining major field command in Europe. His new dress consists of smooth surfaced combat boots, an olive drab long blouse with matching trousers, gold on scarf and a helmet liner bearing insignia and alternating bands of blue and gold. Off duty Jennings replaces his helmet liner with a sharp service cap with visor and removes his leather shoulder strap and pistol which every man, except medics and bandsmen, carry in the constabulary.

Private First Class Jennings is one of 38,000 officers and men, all volunteers or carefully secured reinforcements who will carry out the constabulary's many security missions with light tanks, armored cars and jeeps, motorcycles, horses and liaison type aircraft.

As a member of this rapidly forming crack corps, led by Major General Ernest N. Harmon, veteran combat commander, Jennings meets high standards of physique and ability and receives specialized training for his duty of soldier and special policeman.

Baptist Vacation Bible School to End Friday

Enrollment at the Vacation Bible School at the First Baptist Church has been good this week, according to Pastor John H. Osteen. Attendance of more than 100 young people from four to 15 years of age every day in departmental classes has enjoyed handwork, art, sewing, trinket making, Bible stories and singing in the five-day series of classes.

Classes began Monday morning, and will continue through Friday, congregation leaders state.

The reason we don't like to be photographed is that when we try to look pleasant we don't look natural, and when we try to look natural we don't look pleasant.

The housing situation is getting terrific. A couple can't even live with the parents nowadays, because the parents are living with their folks.

We don't understand why modern girls are so rude as to let their boy friends go home without breakfast.

People over 45 years of age now comprise more than a quarter of the population of the United States, or about twice the proportion of a century ago.

When a man gives his wife a fur coat it is either to keep her warm or to keep her quiet.

After 40 the bulk of your troubles are in your tummy.

\$1.00 CALVES

Would you give \$1.00 to save that calf sick with Scours or Diarrhea? **Durham's Combination Treatment** is a Veterinary Prescription which combines a new sulfa powder with an intestinal astringent liquid. It has proven so successful for Calf Scours that we sell it on a **Money-Back Guarantee**. If a \$1.00 treatment does not save your calf your \$1.00 will be refunded by **REYNOLDS DRUG STORE**.

SHE'S SLICK CHICK

Chicken feeding time down in Dixie brings out slick chick Lucille Hamer of Brownsville, Tennessee, with a big handful of feed for her flock. And what's this? Why, she's wearing a new checked cotton play suit made from the bags in which the chicken feed was packed. Who says a slick chick can't be both smart and thrifty?

Hoarding in Home of Old Medicines Poses As Threat to Health

There are many persons who naturally hoard anything and everything, including old clothes, boxes and other useless articles, Hamlin people are reminded, some of which constitute no greater danger than a possible fire hazard, but a very real danger is present when this tendency is applied to hoarding old medicine in any form.

Most medicine finds itself into the home through a doctor's prescribing it for some specific illness. For the sake of safety, left-over medicines should be destroyed immediately when they have fulfilled their purpose and never be stored in the medicine cabinet for future unprescribed use in case of another illness, according to Dr. George W. Cox, state health officer.

"Self medication with the use of left-over drugs which were of great benefit to some previous illness can sometimes turn a simple ailment into a very serious condition of actual poisoning," Dr. Cox said. "This is particularly true of the indiscriminate use of sulfa drugs which have been prescribed for some previous specific condition."

"It is wise to use medicines as indicated for the illness for which they are prescribed by your doctor, and when they are no longer needed, destroy the remaining medicine immediately," Dr. Cox said. "Even if you expect a return of the same condition at some future date, it would be better to obtain new medicine if the condition recurs than to retain this old medicine in the cabinet and subject the members of your family to the danger of using it unwisely."

Phone 241 and tell us your news.

J. A. JACKSON DIES LAST THURSDAY AT McCAULEY HOME

J. A. Jackson, 75 years of age, pioneer farmer of the McCauley community, died Thursday evening at 7:00 o'clock at his home. Although he had been in failing health for two years, Mr. Jackson's death came unexpectedly.

Funeral services were held at the McCauley Methodist Church Friday afternoon at 5:00 o'clock, with Rev. D. A. Ross of Abilene, former pastor, officiating. He was assisted by Rev. W. R. Johnson of Goree, Rev. J. C. Batenman of Munday, Rev. Watkins of Rotan, Rev. Silas Dixon of Anson and Rev. C. E. Dick, Baptist pastor of McCauley.

Interment was in the McCauley Cemetery under direction of Barrow Funeral Home of Hamlin.

Surviving Mr. Jackson are his widow, Mrs. Ann Jackson; two stepsons, J. I. Parker of Fort Worth and Roy Parker of San Antonio; a brother, C. G. Jackson of Clarksville; and a cousin, W. L. Jackson of Abilene.

Insurance Protection Involved in Benefits of Social Security System

Although most workers in the Hamlin area know that their social security tax deductions are building up a retirement fund for them, many do not realize that they also may have some very valuable family insurance protection under the old-age and survivors' insurance system.

This system, according to a statement made this week to The Herald by Ralph T. Fisher, manager of the Social Security Board office in Abilene, provides monthly payments to several classes of dependent survivors. These include minor children up to the age of 18, the young widow with these children in her care, the widow at age 65, and—under certain conditions—the dependent parents at age 65. In many families, particularly those in which the children are small, the insurance protection under social security is equal to a \$10,000 to \$15,000 policy.

The Herald is asked to advise people of this territory that the Social Security Board now has available a new booklet which describes the survivors' insurance features of the plan, as well as the retirement provisions. A copy of this booklet may be obtained by writing a postal to the Social Security Board, Abilene, Texas. Ask for booklet No. 35.

The good man has absolute good, which, like fire, turns everything to its own nature, so that you cannot do him any harm.—Emerson.

MAID OF COTTON TURNS TRACTOR DRIVER

With Ed Hillen of the Ford News Bureau as her coach, Maid of Cotton Gwin Barnwell got her first instructions as a tractor driver during her recent visit to the Ford plant at Dearborn, Michigan. Turned loose with the new Ford tractor, Miss Barnwell

turned a neat furrow, almost ran down the photographer. Sponsored by the National Cotton Council, Memphis Cotton Carnival and the Cotton Exchanges of Memphis, New York and New Orleans, the Maid of Cotton tour draws to a close late this month.

Colored Baseballers to Play Sweetwater Next

Hamlin Invaders, colored baseball team, continued their winning ways Sunday afternoon when they drubbed the Hamlin Black Indians to the tune of 16 to 2. The locals garnered 11 hits that, coupled with a number of Indian errors, accounted for the top-heavy score. Haskell batters could only connect with two bingles.

Manager Jesse Davis of the Invaders declares probably the best game of the season so far is on tap for Sunday afternoon at the Hamlin city ball park, when a Sweetwater team that has lost only one out of 10 games this season, meets his nine at 3:00 o'clock. The locals have won 11 of 13 games played to date.

Our modern girls have a real problem when they try to buy clothes that reveal and conceal at the one and the same time.

Not What They Wanted.

A law firm sent a member to plead a case in another town. Soon he sent them a telegram: "Justice has triumphed."

They wired back: "Appeal at once."

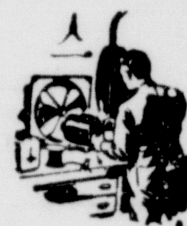

The girl who marries into a wealthy family has one advantage. Her husband will probably never tell her that she can't cook like mother did—because chances are his mother was never a cook.

POT-SHOTS FROM McCAULLEY

BY GEO DARDEN

J. A. Jackson, one of McCauley's best loved citizens, passed away at 7:00 p. m. June 6. Funeral services were held at the McCauley Methodist Church, where he had been chairman of the board of stewards for the past 25 years. Mr. Jackson was 76 years, four months and 23 days old at the time of his death. Burial was in the McCauley Cemetery, under direction of Barrow Funeral Home. Mr. Jackson moved to Fisher County from Red River County some 40 years ago. He had been a member of the Methodist Church for 50 years and was a Mason. As a young man he married Mrs. Nannie Parker, who preceded him in death in 1934. In 1937 he married Ann Morris, who survives. He is also survived by one brother, C. G. Jackson of Clarksville, Red River County; two stepsons, J. I. Parker of Fort Worth and Roy Parker of San Antonio; one cousin, W. L. Jackson of Abilene. Five former Methodist pastors of the McCauley church spoke briefly at the funeral services, with Rev. D. A. Doss of Abilene preaching the sermon. The preachers taking part at the services were Rev. W. L. Johnson of Goree, J. R. Batesman of Munday, Rev. Watkins of Rotan, Rev. Silas Dixon of Anson and Rev. C. E. Dick, pastor of the McCauley Baptist Church. Mr. Jackson was loyal to his friends, to his church, his lodge and his community. What more could be said of a good man?

Relatives and friends from out-of-town attending the funeral of J. A. Jackson were Mr. and Mrs. Odie Hamilton and daughter of Abilene, Kirk Baxter, wife and children of Lubbock, Mrs. F. A. Short of Abilene, Mrs. W. C. Neal of Abilene, Mr. and Mrs. Kenneth Parker of Hamlin, J. I. Parker of Fort Worth and Leo Parker of Fort Worth and others.

Supper guests in the home of Mr. and Mrs. George Darden last Thursday night were Mr. and Mrs. Jeff Jones of McCauley, Gib Sandefer, candidate for Congress, and Bruce Francis, newspaper reporter from Abilene.

Mr. and Mrs. Leldon Clifton of North Carolina arrived last week for a visit in the home of her parents, Mr. and Mrs. F. L. Rector.

Mr. and Mrs. Melvin Henderson have moved back to McCauley. He is now employed on the new oil well on the J. Ubben place north of town. Melvin was recently discharged from the United States Army. The Hendersons have apartments in the home of Mrs. Lee Hendon.

Sure getting dry in these parts once again; however, most farmers have a good stand of maize and cotton. Wheat harvest is in full swing and grain is turning out better than was expected.

W. W. Miers and family of Lamesa were visitors in the home of his parents, Mr. and Mrs. S. E. Miers, last week.

Mrs. Bill Wicker of Rotan attended the funeral of J. A. Jackson at McCauley last Friday.

Mrs. Tom Nall has returned from a two-week visit with her parents, Mr. and Mrs. J. O. Jones, near Lubbock.

McCauley Colored School closed last Friday. Exercises were held at the McCauley High School Thursday night. A large crowd attended, with about as many white folks present as colored. The program was good, and the teacher, Mrs. Oda Mosley, has done a fine job with the colored children in this community. In fact, her pupils won second place in the Inter-School League meet in literary events at Brownwood.

J. O. Jones of Lubbock is visiting in the home of his son, C. D. Jones and family.

Attending the J. A. Jackson funeral were Mrs. C. P. Yates, Mr. and

Mrs. W. H. Pickron and Mrs. Lewis Yates.

House painters wishing to bid on the Masonic hall job may see Rufus Herbst, George Darden or Melvin Hunter.

Mr. and Mrs. J. B. Jayroe and daughter of Rotan were visitors in McCauley last Friday.

"Butch" Lancaster of Lubbock and formerly of this city was buying peaches from McCauley orchards last week.

The Pot-Shots scribe and family will attend a homecoming at Grand Baptist Church next Sunday, Father's Day. Dr. Millard Jenkins, pastor of the Abilene First Baptist Church, is to be guest speaker. Dinner on the ground will be a feature of the all-day program.

Tuesday, June 4, Geneva Carter, daughter of Mr. and Mrs. Glenn Carter, became the bride of James Patton, son of Mr. and Mrs. Patton, in the home of the bridegroom's parents. Mrs. Patton finished McCauley this year and was salutatorian of her class. James has recently been discharged from the U. S. Army. Mr. and Mrs. Patton will make their home on a farm southwest of McCauley.

Mrs. Frank Johnson underwent major surgery in an Abilene hospital last Saturday. We are glad to report her condition as satisfactory.

Mr. and Mrs. Wesley Abbott spent last week-end in the home of his mother, Mrs. Marshall Abbott. Their home is San Angelo.

Mrs. Omar Young and daughters of Spur visited last week-end in the home of her parents, Rev. and Mrs. C. E. Dick.

Visitors in the F. L. Rector home last Sunday were Mrs. Jim Ezell of Hamlin and Mr. and Mrs. Cecil Woods.

A birthday party honoring Hoylene Rice on her tenth birthday was given in the home of her grandparents, Mr. and Mrs. Jim Fancher. It was a gay event, with the following little friends present: Wilda Brown, Ira Ella Sue Maberry and Carolyn Ruth Jarnigan of Sylvester, Winnie Fay and Janis Fancher of Fort Worth, Velta and Virginia Carol Gillis, Bobby Kiker and Mary Lou Jarnigan of Roby, Jonell and Ann Maberry of Hamlin, Mary Lou Maberry, Patricia Rector, Palma Jean Lawlis, Patsy Maberry and Charlene Mustain. Also present were Mmes. Ray Maberry, Eula McHone and Luther Maberry. Many nice gifts were received by Miss Hoylene, and a big birthday cake and ice cream were served to the guests.

Visiting relatives at McCauley and a daughter, Mrs. B. L. Smith in Sweetwater, last week were Mr. and Mrs. Rufus Fancher and daughters of Fort Worth.

Due to crop work and difficulties in getting into town during summer months, the Cub Scouts will not meet until school starts again, so states Cubmaster Prather.

Mrs. G. W. Nichols of Lubbock is visiting her daughter, Mrs. Jim Fancher, and husband.

Visiting in the O. T. Hennington home last week-end were their son, Ray Hennington, and wife and a friend, Mrs. E. D. Mosher, the former Nell Jackson, also of San Antonio.

Comment No. 1—Yep, the candidates for governor of Texas seem to be aiming their blows mostly at Homer P. Rainey. Why? Because they well know that he is the map to beat. Rainey got a "bum" deal when he was ousted as president of Texas University. Why was he ousted? Simply because he was a Franklin D. Roosevelt supporter, a dyed-in-the-wool Democrat, and he would not string along with the Texas Regular regents appointed by Coke Stevenson and W. Lee O'Daniel. Yes, the scared boys are all after Mr. Rainey, and the Texas Regular crowd

will circulate rumors of every description to defeat Mr. Rainey. Slurring remarks aimed at Rainey by street corner "gossipers" is propaganda in "gutter" form, laid down and well planned by Texas Regulars and Roosevelt haters. It speaks mightily well of Mr. Rainey's character and ability when the ex-students of Texas University are for him. We would rather have their word than that of Senator Pappy, a Texas senator from Kansas.

Comment No. 2—Latest development in the swift moving campaign of Boyce House for lieutenant governor is withdrawal of Bob Moore, Amarillo and Brownwood publisher, from the race, and the announcement of his support of Boyce House. Moore, one of the leading candidates until his withdrawal several days ago, is widely known over the state and would have polled a large vote.

Remember, Boyce House, who writes "I Give You Texas," has at last thrown his hat in the ring for lieutenant governor. This columnist predicted a few months ago that Mr. House would likely get into politics and perhaps in the race for lieutenant governor. He perhaps can call more men by their names than any other man in Texas; knows more about Texas and its needs than perhaps any other man in Texas. He has brains, humor and is not a lawyer. Frankly, we have too many lawyers in politics already. The country will be better off when we voters "retire" a bunch of lawyers from Austin and Washington on July 27. Red tape in government is caused by too many unnecessary laws. We need fewer laws and more teeth in good laws.—A Darden-O-Gram.

Real joy comes not from ease or riches or from the praise of men, but from doing something worthwhile.—Sir Wilfred Grenfell.

It is not the fact that a man has riches which keeps him from the kingdom of heaven, but the fact that riches have him.—Caird.

Pure white map linen, suitable for blouses, baby dresses, handkerchiefs and many other uses.—Carpenter Variety Store. 30-t
